Antioch will not have a park district

by KATIE KUEHNER
Lakeland Newspapers

Antioch Township will not have a park district, according to the ballots cast Tuesday.

The count was 2,722 voting no (59.12%) and 1,882 voting yes (40.88%).

"I'm extremely disappointed," Tom Shaughnessy, said. Shaughnessy was the director of Friends of the Park, the grass-roots organization that campaigned for the passage of Tuesday's referendum.

"Unfortunately, people did not look through the emotional issue of taxes and realize what kind of benefit they would -- well, everyone would -- reap if we had a park district," he said.

"But Antioch still needs a park district. We still cannot receive any state or federal grants to help our (Antioch Village Parks and Recreation Dept.) and we still cannot develop land into parks in the township. The existing facilities will not improve

and eventually some of the privileges will have to be cut back."

Jennifer Tamburrino, one of the candidates who ran for the proposed park district, said, "The future doesn't seem bright for children, adults, seniors, teenagers. I'd be afraid to watch parks deteriorate past federal safety standards and programs disappear. I'm afraid for children who will have to seek outside of their hometown -- Antioch -- to participate in recreational activities. Because that's what's going to happen."

Those involved with the campaign believed the referendum failed because Antioch residents and the surrounding township residents did not want another entity placing a tax on their property tax bills. On the upcoming April ballot, the Antioch School Dist. 117 Board of Education has approved to place a referendum asking whether a new high school should be built to replace the

existing building on Main St. Voters this month may have felt that pressure early and hence, voted no to the park district.

"But Antioch is growing and we have to grow with it," Shaughnessy had said earlier when asked about the high school referendum. "We have to plan for the future. Every facet of Antioch's life needs to expand and that includes activities everyone can participate in through a park district. We need to revise our comprehensive plan."

Theresa Kovach, the director for the village's Parks and Recreation Dept., said she had hoped Antioch would have approved of the park district. "So much more could be done, then."

Shaughnessy, Tamburrino and the other candidates who ran for park commissioners said they would really like to thank all of the groups and individuals who campaigned for the park district and who supported them. They would

especially like to thank the Lions Club for their extra efforts, the Antioch Chamber of Commerce for their endorsement and John Ruffin for all of his help organizing the Friends of the Park.

"John did the bulk of the work in organizing the Friends of the Park. He has an endless amount of energy and we can't thank him enough for his support," Shaughnessy said.

The Village Parks and Recreation Dept. lists a budget for parks, \$124,100; programs, 35,500; and the pool, 71,100. The latest population guestimate of Antioch was 6,100. According to Village Supv. Tim Wells, Antioch Twp. currently utilizes the village's parks and programs. He said the village has about 30-35 acres of parks.

Depot to be built when train comes

The Antioch Village Board discussed building a new depot on the site of the previous depot if Metra does decide to extend a line to Antioch from Union Station in Franklin Park.

"The train ride into Union Station was really positive," Mayor Robert Wilton said of the tour that all of the local village officials, plus METRA officials and federal personnel took (that simulated a future train ride on the new commuter line). METRA is deciding to establish the line on existing Wisconsin Central tracks and is waiting for federal funds.

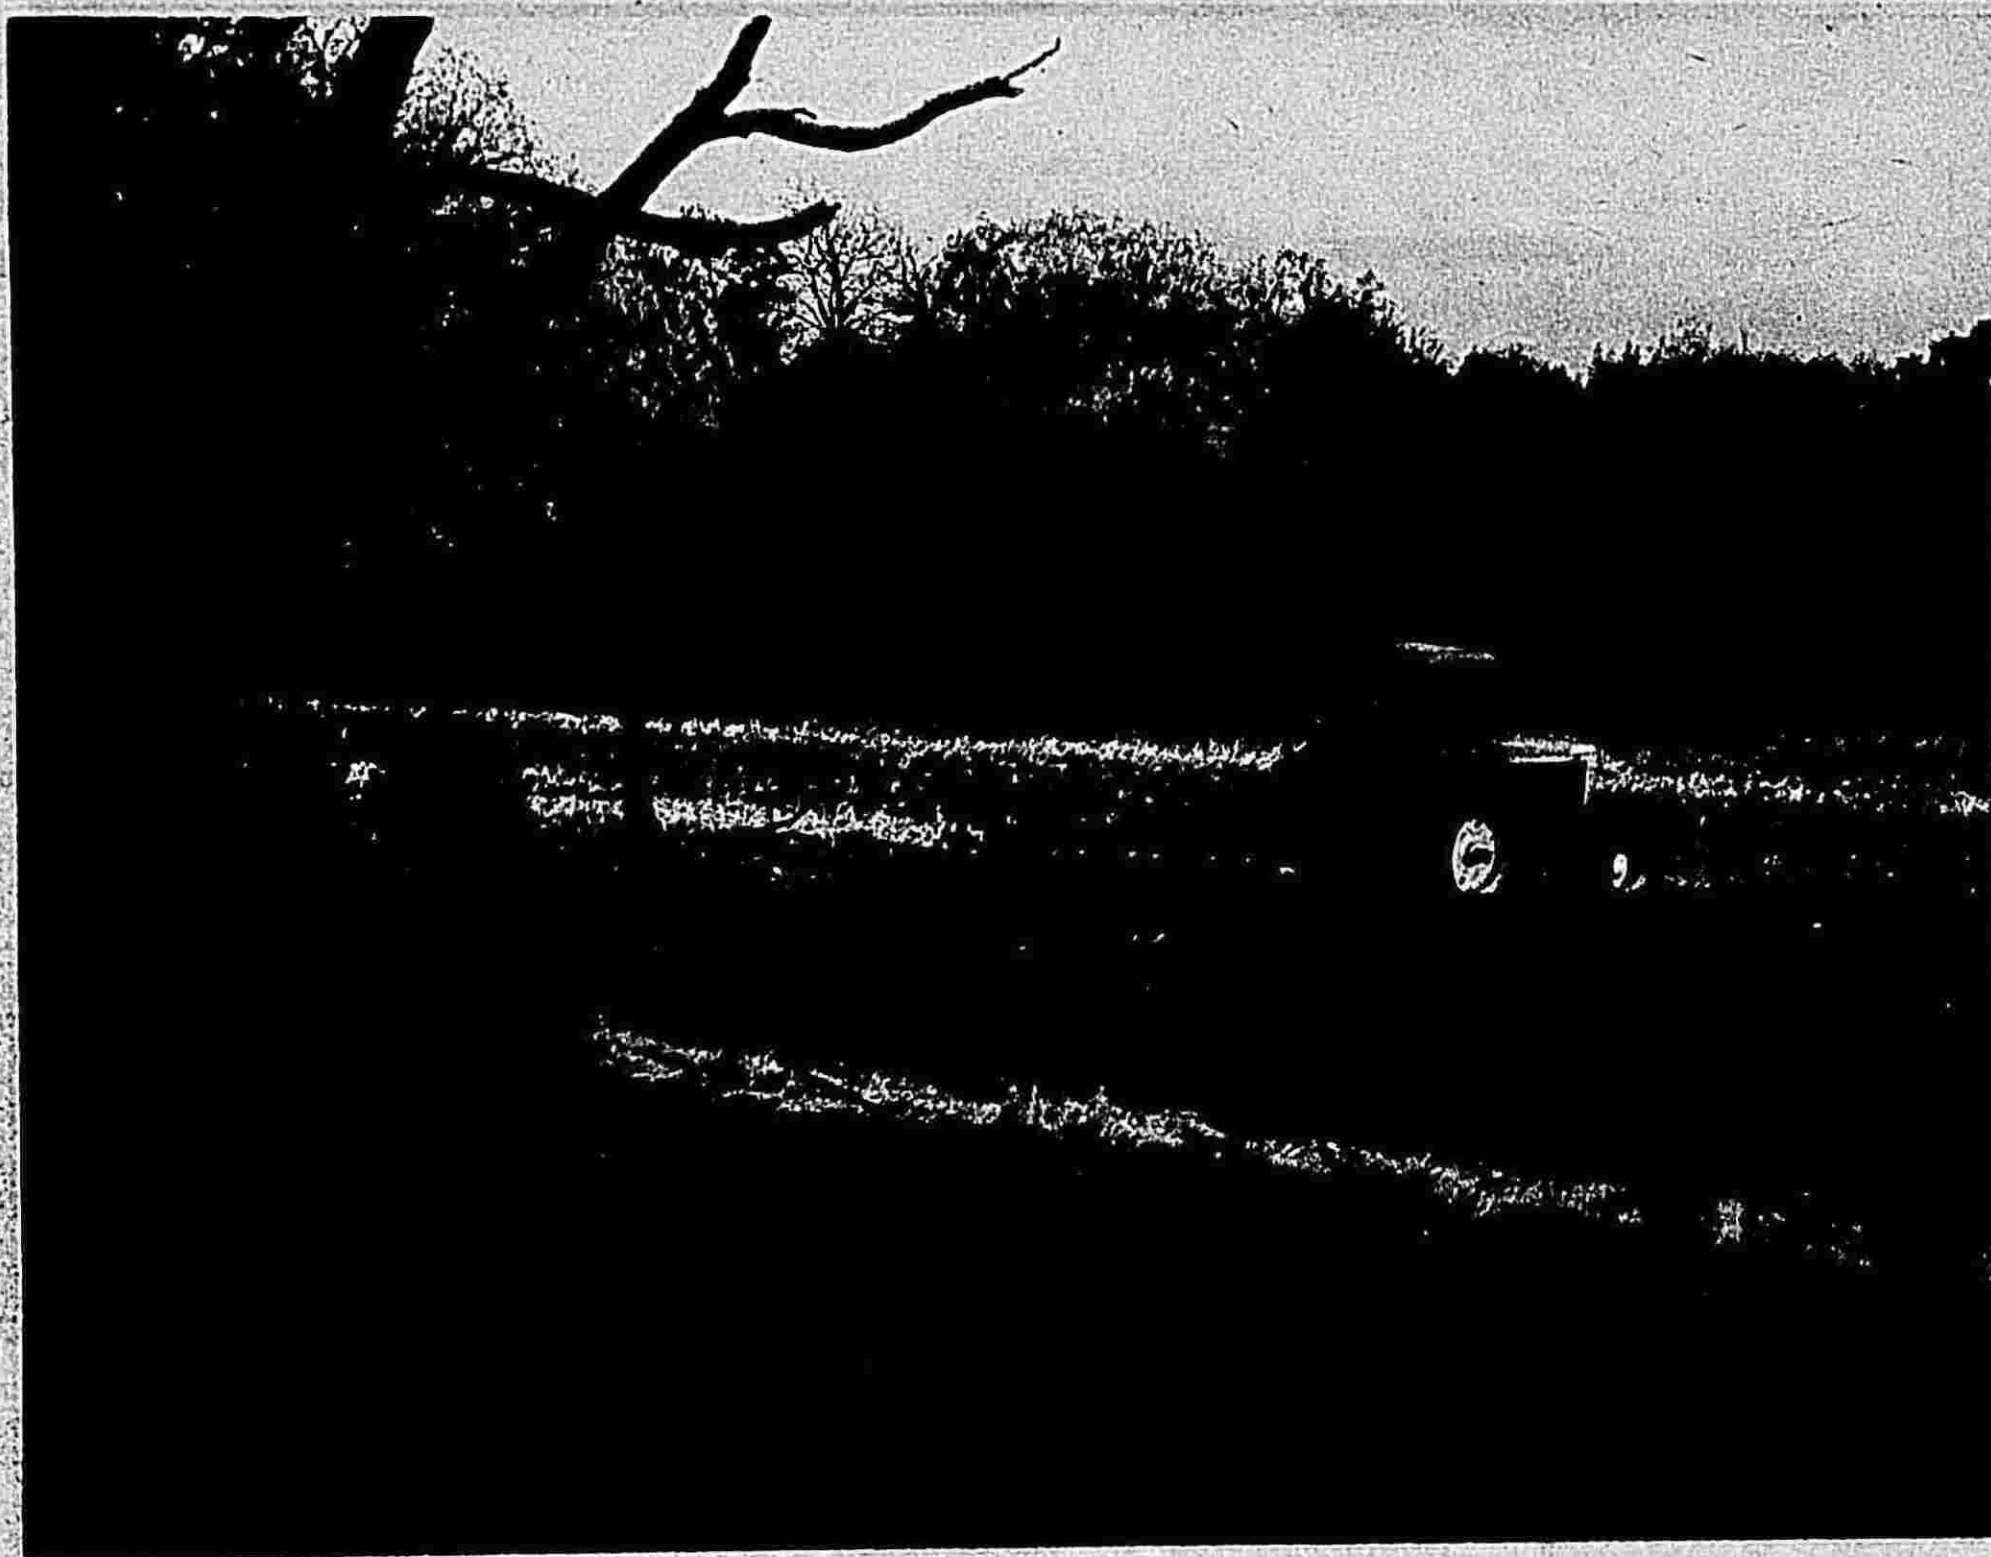

"Antioch's definitely in their picture," Wilton said.

"Can we do anything to speed up the process?" Trustee Marilyn Shineflug asked. Village Supv. Tim Wells said no, that it is up to METRA and the federal funding.

If and when METRA commits to a commuter line, the village will provide the depot and the corresponding parking lot. Board members discussed designing and possibly constructing the depot within the village's 100th year anniversary, if METRA comes through by then.

A resident in the audience suggested the village research the old depot's design to recreate what was there before. Trustee Don Admunsen said they would not have to go far back to research, because the depot has not been gone for very long.

"That's an excellent idea," Wilton added.

Best time to plow

Ignoring frenzy toward urbanization, farmer on edge of town tends to fall plowing, best time of year to prepare soil for next year's crop—as anyone connected with farming knows. Comforted by a heater and soothing tape deck music, farmer can work from dawn 'til dusk in race against Old Man Winter. Fall plowing is priority with corn and soybean harvest nearly complete.—Photo by Lisa Benitez

Trustee candidates

LAKE ZURICH—Mayor James Kay has picked up a petition for a slate of village board candidates who will run together in the Reformed and Environmental Party (REP) for next April's municipal election. Members of that party, for four-year terms, include incumbent Burnell Donovan, and newcomers Ellen Moran and Keith Bockelman. Incumbent Chuck Siewert is running for a two-year term. Running as an independent, also for a two-year seat, is Renee Deis. Petitions may be picked up at the village hall until mid January. Petitions may be filed between Jan. 14 and 21.

Talk water issues

PRAIRIE VIEW—Stevenson High School and Lincolnshire officials were expected to meet Wednesday to discuss matters in regards to water service to the maintenance and administration center. Supt. Milton Herzog said he hoped the meeting with village officials will bring a resolution of the situation. Construction items and the three phase improvement plan dominated the discussions at a special board of education meeting Monday.

Land annexation

GRAYSLAKE—The Grayslake Village Board has agreed to annex several

properties into the village that lie along Shorewood Rd., west of Rte. 83 and east of the railroad tracks. The properties annexed have already been annexed by Round Lake Beach, as part of a larger, forced annexation done approximately a month ago.

Elect board

GRAYSLAKE—A special meeting of the College of Lake County board will convene at 6:50 p.m. Tuesday, Nov. 13, to elect new officers for the 1990-91 school year. Nan Fairhurst currently serves as chairperson. Nancy Block is vice-chairperson.

Murders solved

ZION—Crime Stoppers information and the diligent work of a number of agencies is credited with solving a double murder more than two years ago, according to Chief Lloyd Detienne. Murder indictments were returned against five residents of Zion, three of whom are in prison. Defendant Ted L. Knox, 22, was arrested last week. Daniel R. Blalock Jr., 19, is being sought. In prison are Daniel Blalock Sr., 38; Oscar Parham, 21, and Ronald L. Walker, 21. The men are charged in the murders of Domingo Garcia of Waukegan and Escobedo Santos, who was visiting Garcia. The victims were shot repeatedly. Chief Detienne is withholding full information for the safety of 20 persons who have information on how the victims met death in a basement laundry room.

Teacher transferred

ROUND LAKE—Embattled Village School gym teacher Ken Phillips has been transferred to Magee Middle School, according to Asst. Supt. Dr. Robert Sherman, where he will teach health. Phillips was accused by parents of abusive and inappropriate physical and verbal han-

dling of their children at the school. Michelle Laska will teach physical education at Village School. Laska taught health at Magee, and has also been a physical education teacher at that school as well.

Ask for food store

MUNDELEIN—Jewel Foods Inc. has been asked to voluntarily remove a covenant banning use of a former Jewel-Osco complex in the downtown area by another food store for 10 years. The request is accompanied by more than 2,500 signatures on petitions asking for a food store at what is now known as City Hall Center being renovated by former Mayor Colin McRae. The village has an agreement with McRae until Dec. 31 to void the covenant before he rents the space to another tenant.

Big stick approach

LIBERTYVILLE—Neighboring Green Oaks may feel the village's sting. Before giving the growing community 125,000 gallons per day of sanitary service via a Lake County Public Works Dept. sewer, Libertyville wants a cul de sac removed on well-traveled Rockland Rd. from Libertyville into Green Oaks. Green Oaks added the cul de sac several years ago over protests from Libertyville as a way to discourage through traffic. Mayor JoAnn Eckmann wants to tread softly, by some trustees, led by William Madole, want to use a big stick.

Hires new chief

WAUCONDA—Wauconda Village President Mayor James Keagle named Andrew Mayer as the new police chief effective Nov. 12. Mayer, who has been the police chief in Richmond for 12 years, will oversee a department twice the size for a community of 6,200 people. He will receive a salary of \$42,000. He replaces

Joe Goodyear, whose contract was not renewed by the village board. Keagle said Mayer was chosen because of his ability to provide leadership and to promote harmony in the police department. A Viet Nam veteran, Mayer served 20 years in the Navy before being hired police chief in Richmond. He resides in Richmond, with his wife, Patricia. They have two grown daughters.

Election results

ROUND LAKE—The Round Lake Unit School Dist. 116 bond issue referendum failed at the polls by 1,756 against to 1,497 for. The Round Lake bond issue referendum, on the other hand, passed by 333 votes for to 242 votes against.

Review options

WAUCONDA—Wauconda Unit School Dist. 118 school officials will review options on how to handle surging enrollments. Voters rejected 2,083 to 1,120, a 10-cent tax increase for a \$6 million building bond referendum for a new school in Island Lake. School officials will decide whether to place the question on the April ballot, but in the meantime, they need to accommodate overcrowding at district schools. Among the options are to add mobile classrooms, increase class sizes or go to split shifts. An additional 700 students are anticipated by the school year 1995-96.

Beg Your Pardon

It was mistakenly reported in the Nov. 2 issue that Julia Edwards, candidate for Dist. 4 representative, Lake County Board, in the Nov. 6 general election, is employed by Lake County. Edwards, a resident of Round Lake Heights, is employed as a legal secretary at Kemper Insurance Co., Long Grove. The error is regretted.

Some stories still have
happy endings.

Three months ago, the quiet calm of Joan and Allen Mitchell's life was shattered when they discovered that their daughter, Stephanie, had a drug problem.

The signs had been there for months: falling grades, absenteeism, moodiness, lack of respect, lying and defensiveness. Yet, the signs went unheeded. Joan and Allen thought it was just adolescence, typical teenage problems. Unfortunately, they were wrong. It was something far more serious.

Stephanie had a drug problem. The first person to recognize it was one of Stephanie's teachers, who called the Mitchells and made them aware of her concern. Fortunately, they acted quickly and sought professional help.

They turned to the specialists at the Adolescent Chemical Dependency Program at Victory Memorial Hospital. Here, they found a comprehensive program that not only helped Stephanie with her problem, but helped them understand the role that they would play in maintaining Stephanie's continued health.

Today, Stephanie is her old self, back at school and doing well. The family is stronger, closer and able to weather almost anything.

Some stories do have happy endings, and many of them begin at Victory Memorial Hospital. For complete information on our Chemical Dependency Program, or to confidentially discuss a problem confronting your family, call 708-360-HELP, anytime day or night.

Village board said no to paying for leaf pick-up

After returning from executive session, the Antioch Village Board defeated a motion by trustee Ron Kozirowski to have the village contract Northshore Waste Management to pick up the leaves in Antioch.

According to Mayor Robert Wilton, only Kozirowski and trustee Larry Hanson voted yes to the motion, while the rest of the board voted no. If the motion passed, the village would have had to spend \$9,900 to have the leaves picked up.

"I'm disappointed the motion failed," Wilton said. "I feel the village has an obligation to the residents to pick up these leaves."

"(The board) doesn't have any qualms about hiring an outside attorney (and not employing village attorney Ken Clark) to represent the village at (Antioch Police Officer Mike) Culat's hearing. I believe

this issue with the leaf pick-up warrants the village's responsibility as well."

Wilton was referring to Culat's suspension appeal at the Nov. 13 Board of Police and Fire hearing. Police Chief Charles Miller had suspended Culat for two days.

"The mayor is misrepresenting the situation with the attorney hired for Culat's hearing," trustee Marilyn Shineflug said. "The residents are going to have to pay for any attorney's fees for defending the village at Culat's hearing, whether it be Ken Clark or someone else. There is no 'extra' attorney hired."

"We defeated the motion about Northshore picking up the leaves because we felt the price was too much considering there is only one month left to pick up leaves.

"The street sweeper should be able to take care of whatever is on the streets, if

the homeowners don't rake them into huge piles. And the residents are already aware that they need to take care of the leaves in

their yards.

"The board will be looking at leaf pick-up village-wide for next year," she said.

Women of the Moose news

The Mooseheart Committee Chapter night was called to order by Senior Regent Sandi Grube. Chairman pro tem Ann Byczek read the list of members present: Hope Coomes, Liz Suchre, Louise Imburgia and Fran Lombardo.

The Chapter draped the Charter in sorrow for co-worker Mildred Bennett, member for 27 years.

Candidates enrolled were: Mary Jane Greenwald and Carole Brandness, sponsor Ruth Gussarson; Marquerite Knackstedt, sponsor Bobbie Knackstedt; Joan Jenders, sponsor Theresa Grefkowitz.

The annual Christmas in October was held by the Mooseheart and Moosehaven committees. Co-workers contributed gifts and money towards a great Christmas at Twin Cities.

Reports of committees heard were: Mooseheart Chairman Francis Lombardo; Friendship Chairman Joyce Andersen; Social Service Chairman pro tem Ruth Rynders; Ways and Means Chairman Marge Turner; Hospitality Chairman Jerri Polson.

Birthday marchers were Carole Duetsch,

Sallie Koss, Marge Turner and Dorothy Laursen. Each received a gift from Senior Regent Sandi and had their picture taken. Escort Alice Mellon was presented at the altar where she was named by the Senior Regent as "Co-Worker of the Month." She becomes the newest member of our "Cloud Crowd" and her picture will join the rest.

About 60 children were really entertained at their Halloween party. Miss Peggy (and her mom, Judy) had them eating donuts on a string, tossing at buckets, apple between legs, coloring pumpkins and other stuff. But the pinata was the real "hit" of the day.

The College of Regents went to dinner to honor the newest Collegian, Julie Gajewski. It was a pleasure, also, to have May Palmer join us, as Marge Hansen, Jerri Polson, Terry Snallwood, Theresa Grefkowitz, Louise Gutowski and Dorothy Laursen welcomed Julie. The club also said "Bon Voyage" to Grefkowitz as she becomes a "snow bird" to Florida for the winter.

School bus now goes into Wedgewood subdivision

Antioch School Dist. 34 Supt. Dr. Donald Skidmore said he alerted the district's bus garage to begin driving into the Wedgewood subdivision Wednesday to pick up the children (K-8) for school. This would eliminate the bus stop on the corner of Deep Lake Rd. and Stanton Rd. Parents had complained that the stop was too dangerous.

According to Skidmore, Antioch Twp. Hwy. Comm Mark Ring had notified him that the additional work that was needed to allow the bus to come into the subdivision was almost completed. He said enough was finished to reroute the run and that the rest would be completed shortly afterwards.

Skidmore also received a report from Collins and Rice of Springfield, the engineering firm that had studied the bridge in the subdivision to determine if it was safe enough to allow a bus to travel

on it. The report Skidmore received confirmed that the bridge was structurally sound.

"By Wednesday, the bus should go into Wedgewood," Skidmore said.

Bazaar Planned

St. Peter Council of Catholic Women in Antioch will be holding its Annual Holiday Arts & Crafts Bazaar on Friday, Nov. 16 from 5 to 9 p.m. and on Saturday, Nov. 17 from 9 a.m. to 5 p.m. at St. Peter School, 900 St. Peter St.

Featured will be the beautiful hand made articles created by the people of the parish as well as the various crafts of over 20 professional crafters.

Mrs. Santa Claus will be present to greet all the children. Come to the bazaar and do your Christmas shopping early for gifts and decorations.

Library installs Infotrac system

by KATIE KUEHNER
Lakeland Newspapers

The Antioch Township Library has installed Infotrac, a computer-operated magazine index system. Contained in one computer at Antioch's library, the data base system runs nation-wide, and is headquartered in Foster City, California.

"Infotrac indexes two years worth of magazine articles and is updated monthly," Kathy LaBuda, library director, said. "The patron can just type in the subject and the computer will list all of the articles in the nation's popular magazines."

LaBuda added that if the library should not have a particular magazine, then the patron can utilize the interlibrary loan system.

"Within two or three days, anyone can receive material from other libraries in the (Lake County) system, state-wide or even nation-wide. We also work with schools

and colleges, and special libraries -- medical and corporate." She said that for instance, Amoco has a library in Northbrook that features material about the natural geology of the earth.

According to LaBuda, the computer and data base system runs \$4,200 per year for a subscription.

The library is also publishing the first edition of its newsletter this week. The newsletter will include what services the library offers and what is planned for the next two months. It will also highlight the difference between this year's performance and last year's performance.

"Basically, this year, as we have more circulation, we also have more services for (the patron's) tax dollar," LaBuda said.

"As patronage begins to grow, people begin to come in and see what services we have," she added.

Costume Contest winners

Seventy State Bank of Antioch staff members participated in the bank's annual Halloween Costume event which started more than twenty years ago. Judged by their peers are the following winners (from left): Connie Barszcz (Pixie on an Mushroom), first place; Michelle Stone (Pillsbury Doughboy), second place; Bill Hartmann and Kurt Duehr (The Nerds), third place; and Donna Geiger (Most Wicked Witch), fourth place. Cash prizes were awarded and all participants received fine chocolates.

Woman's Club News

Antioch Woman's Club members who attended the Reciprocity Day luncheon on Oct. 24 received some good news from one of the guest speakers. State Rep. Robert Churchill informed them that he was introducing to both houses in Springfield a resolution honoring the club on its 70th anniversary.

The program for the next meeting to be held on Wednesday, Nov. 14, will be one of seasonal interest. A representative of Reed Hills Florist will give a

demonstration on flower arranging.

Members have received the first issue of the club newsletter Editor Carol Wilson and her helpers, Betty Ruffin, Sharon Oldenburger, Evie Skidmore, and Nancy Zitkus, have put together an informative and entertaining publication. It contains a calendar of events, reports from committee chairmen, a list of new members, and odds and ends of news and comments. Members have been invited to name the paper. A mystery prize will be awarded to the person who contributes the winning entry.

Homeless shelter helps those in crisis

by KATIE KUEHNER
Lakeland Newspapers

As the freezing winter approaches, a lot of people again begin to think of the homeless problem -- even the one right here in Antioch. The problem exists year-round, but it seems that some consciences are raised only as the temperatures are lowered.

Luckily for the unfortunate people who find themselves homeless in Antioch, there are those who think about them often. On Sunday nights, from Oct. 1 through April 30, there is a homeless shelter at the United Methodist Church on 848 Main St. in Antioch.

The shelter is not part of the church's organization, but instead, is one shelter out of eleven in the county which make up the PADS program. PADS, or Public Action to Deliver Shelter, is an ecumenical effort on the part of Lake County congregations, service organizations and individuals to provide a temporary solution to the crisis of homelessness.

The shelter in Antioch began over three years ago, according to Pat English, co-director. The United Methodist Church decided to get involved by providing the physical building because "we realized that it's one thing to give money (to help a cause) and it's a whole other thing to give

shelter to 19 homeless people Christmas Eve."

"This shelter doesn't work just because of our efforts," she said. "So many groups of the community get involved. There's St. Peters, St. Stephens, the Rotary Club, the Lions Club, the Woman's Clubs. The staff at the

The two directors said volunteers not only feed and provide physical shelter, but spend time with those who need the shelter -- playing cards, etc. or just talking to them.

"Support goes a long way," English said.

According to Fleshmann, all PADS

"We had one man in here because his landlord pocketed his rent and the owner kicked the man out. We see a lot of families come through here because the father or the mother was laid-off from their jobs. Usually, the people are homeless because they're in crises," Co-director John Fleshmann said.

(Antioch) Lower Grade School at times cooks the Sunday night meal for the shelter. The police help us out by escorting those who need our help after 11 p.m."

She added that businesses periodically donate food to the shelter. "Kentucky Fried Chicken, Bernhardt's Bakery, and the Antioch White Hen Pantry all donate regularly."

John Fleshmann, the other co-director, said, "We also have a lot of really great Antioch people coming in to volunteer their time or donate money, goods, or talent. But we do need more volunteers to share their load."

shelters served over 4,000 nights of shelter to the homeless. Presently, this is twice the amount as was served at this time last year.

"But we're strictly a band-aid," English said. "I don't think we're beginning to meet the needs of the people (without a place to live). We need low-income housing in the area -- we need people to let that come here."

"In Lake County there is about a two-year waiting list for low-income housing. The nation has cut way back. But how many HUD (Housing and Urban Development) developments have boards on their windows because the original owner defaulted on his loan?"

Fleshmann added, "Also, I think we need to change some of the restrictions to receive low-income housing -- so we can catch all of those people who fall through the cracks."

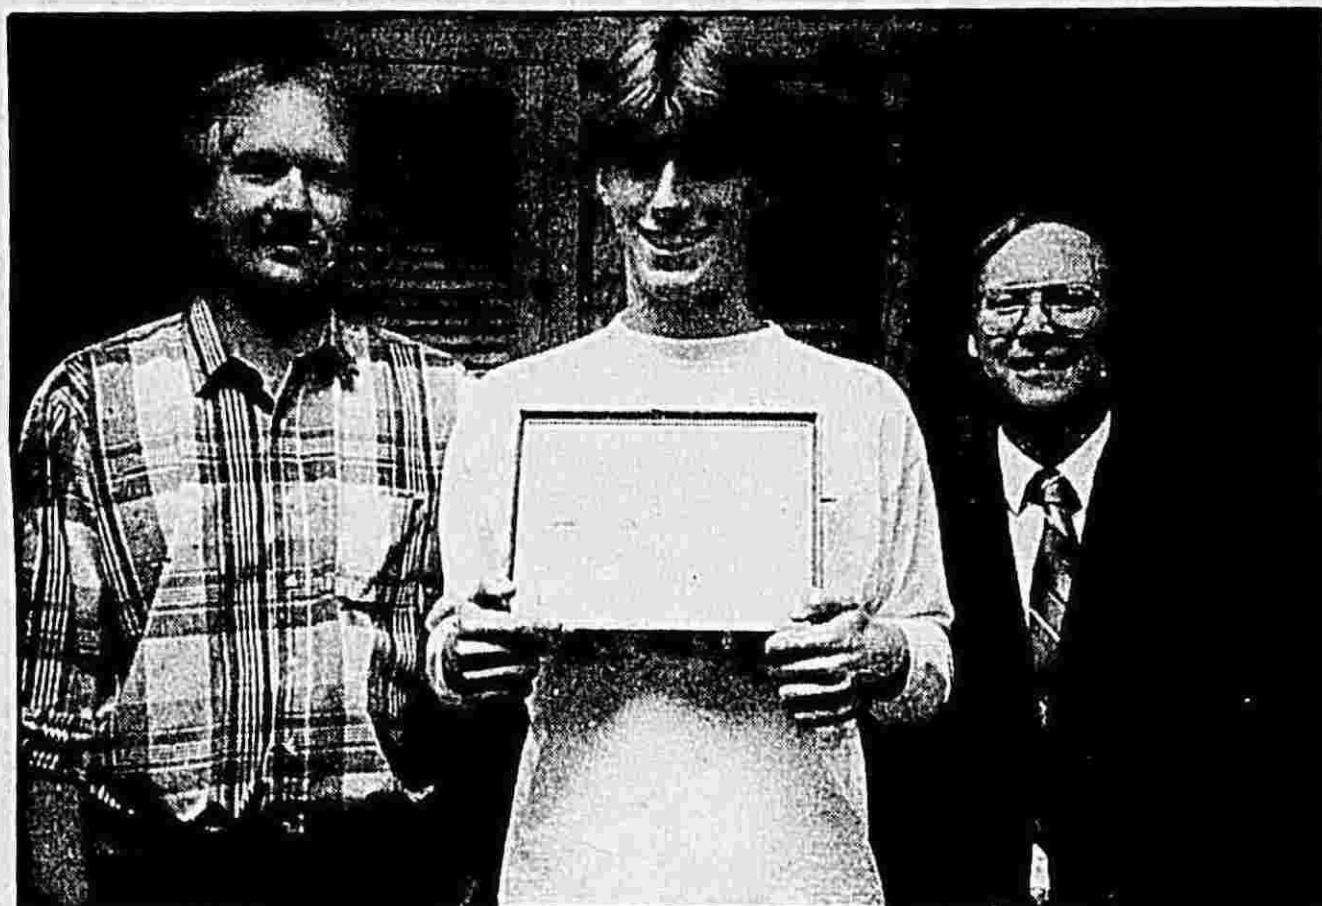

English said this may change as general attitudes are changed. "I've been to woman's clubs -- not here in Antioch -- where I see a lot of anger and resentment that all we're doing is 'catering to a bunch of drunken, druggie bums that could do alright if they pulled themselves up from their bootstraps."

"But, that's not always the case," Fleshmann said. "We had one man in here because his landlord pocketed his rent and the owner kicked the man out. We see a lot of families come through here because the father or the mother was laid-off from their jobs. Usually, the people are homeless because they're in crises."

All of those involved with the shelter hope that more permanent solutions are found to decrease or end the homeless, especially in the area. For now, they are helping the homeless as best as they are able with the nightly shelters.

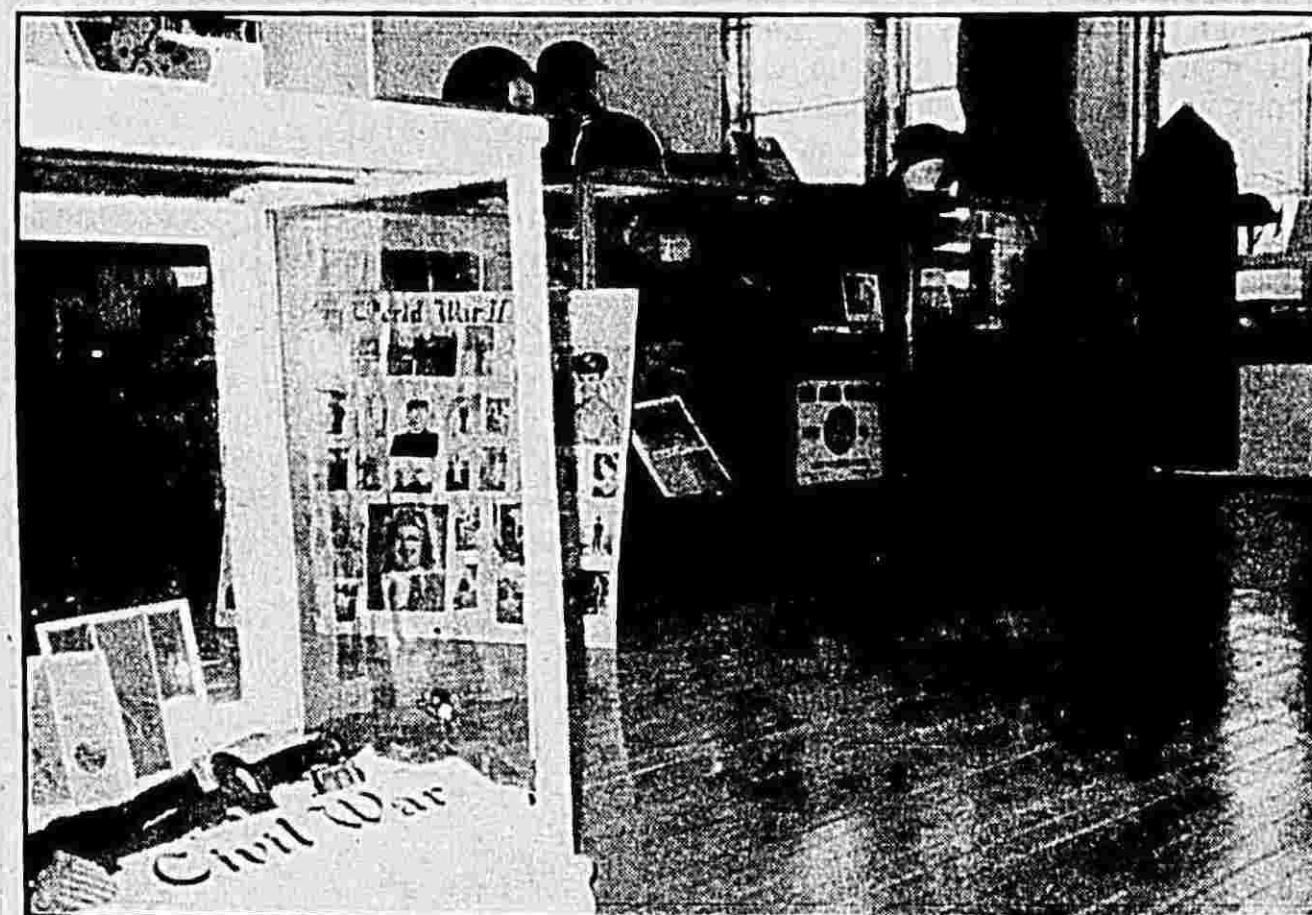

"We send them out at 7 a.m. to survive another day," Fleshmann said. "Maybe they'll find a good ending. If not, we'll be here for them next Sunday."

For more information, call the PADS office at 362-3381. The office can distribute the names of the other shelters that cover every night of the week.

Zoepfel, Athlete of the Week

Chris Zoepfel has been selected as the "Athlete of the Week" for his performance in soccer. Zoepfel made six steals and twenty-three interceptions to break the school record for most interceptions in a season and tying the record for career interceptions. Pictured congratulating Zoepfel is coach Charles Trout and Ed Roach, who presented a \$100 check from the State Bank of Antioch. Antioch at War

Letters and artifacts dating back as far as the Civil War are on display at the Lakes Region Historical Society museum until Armistice Day (Sunday, Nov. 11). Exhibits also include the Spanish-American War, World War I, World War II, and the Vietnam conflict. There are pictures of Antioch residents who served in these wars, even one from the Civil War. The museum is located at 812 Main St. in Antioch. — photo by Katie Kuehner.

Scouts honor leaders

Girl Scout Service Unit 716 of Antioch is proud to announce this year's nominations for outstanding service.

Phyllis Zora has been nominated for the Denoyer Award. This award is a council-wide recognition to an active, registered adult in Girl Scouting who has contributed outstanding service in another service unit. This award is presented at the council's Annual Recognition Dinner. Zora has been Scouting for 15 years. She started in first grade as a Brownie in Chicago, and stayed until she was in eighth grade. When her daughter joined Brownies, Zora resumed her Scouting again this time as a Brownie leader, and worked her way up with her daughter as a Junior, Cadette, and Senior Advisor. Zora stays busy in Scouting as an organizer for Antioch High School, and as a member of the Service Team.

For Outstanding Leader, Ann Janke has been nominated. The award is given for

outstanding troop leadership qualities, and the Service Unit feels that Janke has met those requirements. Janke lacked any Girl Scout experience until she became a Brownie leader for her daughter's Troop 1042 in Millburn. She led the girls in many fun activities which they all enjoyed such as camping and crafts. The most rewarding part of being a leader for Janke was working with the girls, and seeing the joy they were having.

Laura Ayre has been nominated for the Outstanding Volunteer Award. This award is given for outstanding service that benefits the Service Unit other than being a leader. Ayre started in Canada as a Brownie leader, and then a Girl Guide leader. In 1983 Ayre took over Brownie Troop 401 at Antioch Lower Grade. Last year she took over the enormous task of being the cookie and M&M chairperson for the Service Unit.

Antioch Christmas Cash has arrived

The Antioch Chamber of Commerce Retail Committee announces that the Antioch Christmas Cash Program has arrived.

Beginning Saturday, Nov. 10 and running through Saturday, Dec. 15, Antioch merchant patrons can receive Christmas Cash to use in participating merchants' businesses.

When patrons shop at one participating merchant's business, they can receive Christmas Cash Dollars to use at another participating merchant's store. The Christmas Cash Dollars expire December 25.

Participating merchants are Jackie's Card Shop, Sears in Antioch, Flo's Family Health Care, Tulip Patch, Dolly's Second Showing, Antioch Schwinn Cyclery, Antioch Family Sport Center, King's Pharmacy, B.J.'s Sports/B.J.'s Fashions,

Health Systems Fitness Center, Accent Uniforms, J.J. Blinks Clowing Around Gift Shop, and Innovative Screen Printing Company.

For complete details, call the Antioch Chamber of Commerce (708) 395-2233 or see participating merchants.

College Tapes Available

Students attending Antioch Community High School may now check out any college related video tapes available in the College-Career Center for two nights instead of one thereby allowing students and their parents to view such tapes in a more convenient manner. Students interested in participating in this program may do so by placing a \$10 deposit per video, which will be refunded upon the return of the video.

Parent awareness night

On Thursday, Nov. 8, the Antioch Community High School Student Assistance Program will host Parent Awareness Night at 7 p.m. in the ACHS Commons. The program for the evening is "Underage Drinking, What's the Big Deal?"

Cathy Cratty, Student Assistance Program Coordinator will present statistics from the I-Say Survey given to the students from the feeder schools and the high school in grades 4 to 12. Also, Barb Wiegand from Parkside Lodge of Mundelein will then speak on the topic of underage drinking.

Childcare will be provided by the Antioch Community High School Child Care program for children up to age 10.

Contest winners

Clara Haling, Dolly Spiering and Irene Lingle were all winners of the Antioch chapter of the American Association of Retired Persons (AARP) Halloween contest. From the looks of things, it seems like they had a devil of a good time. — photo by Katie Kuehner.

AARP celebrates Halloween

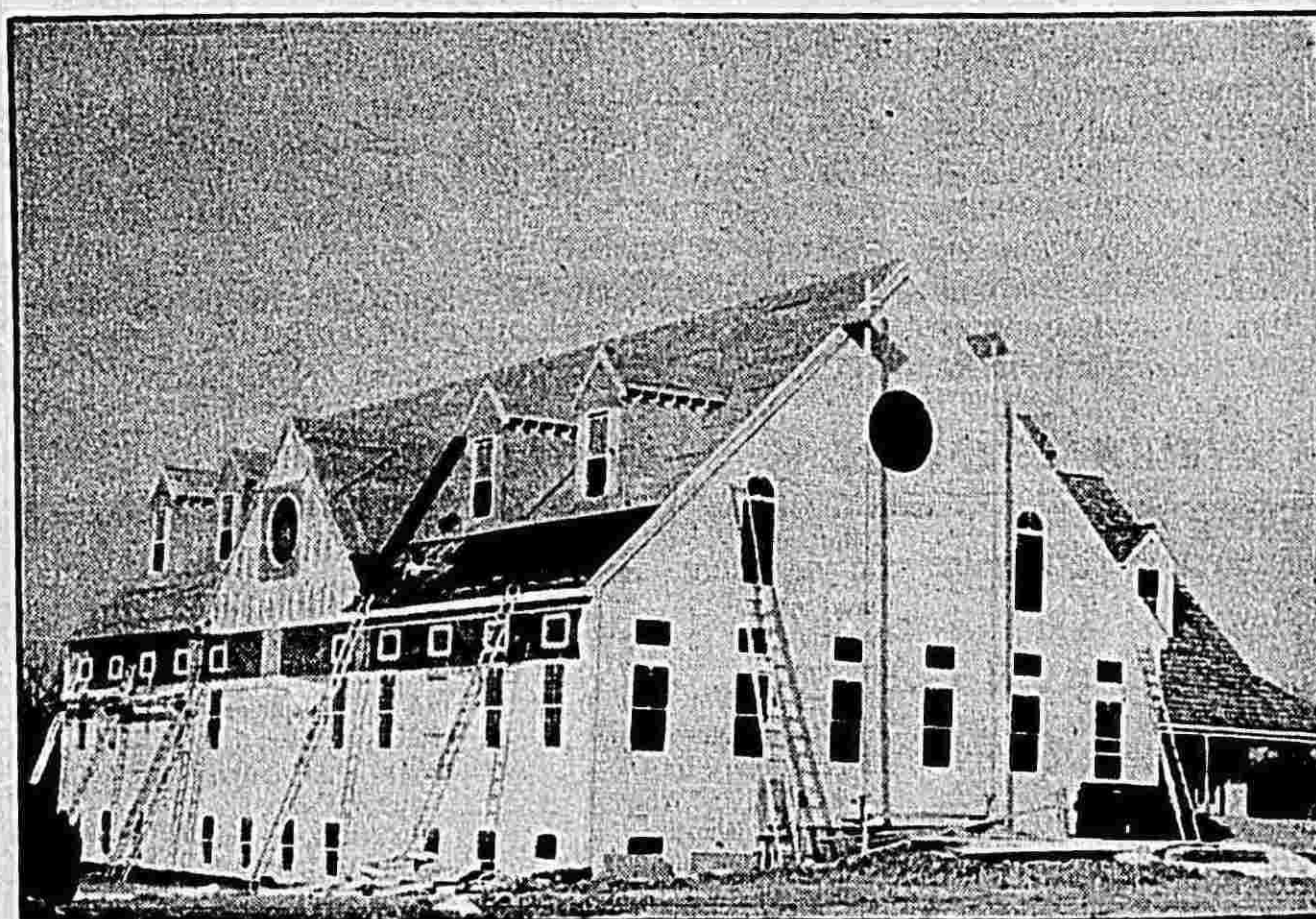

Antioch Area Chapter #387 of the American Association of Retired Persons (AARP) observed Halloween at the

meeting on October 24 in the Antioch Senior Center. Emily Novotny, of the friendship committee, reported the good news that many of the members who have been ill have recovered and she has sent cards to those who remain ill. Glen Peterson, our tour chairman, has scheduled a dinner-show at the Orrington Hotel in Evanston on Dec. 28. Tickets are now being sold. AARP's annual Christmas party will be at the Country Squire in Grayslake on December 11. Robert Ullrich informed members of what is

happening in state politics and he urged all members to get out and vote on Tuesday, Nov. 6.

Members who were in costume paraded before the judges and prizes were awarded to Irene Lingo, most beautiful; Dolly Spiering, funniest; and Clara Haling, most original.

AARP's next meeting will be on Tuesday, Nov. 13. It will be Canned Goods Day-- all members are requested to bring non-perishable food and any canned food products. The food will be given to the Antioch township office for distribution to needy families in the area at Thanksgiving.

Church nears completion

Construction continues a pace on a new and permanent home for the Chain of Lakes Community Bible Church. The new building will be able to seat 450 people. It is constructed on a design similar to many New England "meeting houses" -- churches built by early American Puritan settlers. The church's building committee hopes that services can be held in the new building as early as December. Currently the church meets Sundays at 9 a.m. and at 6 p.m. at the Antioch VFW Hall in Antioch on North Ave. Its offices are in Lake Villa. For more information, call (708) 356-2090.

Lizard enjoys writing for Lakeland—Thanks

Thank You

I would like to open this week's column with a special thank you to Lakeland Newspapers for giving me the opportunity to share these tidbits with you each week and a special thank you for their recent show of support on my behalf. They know what I am talking about and I just wanted to publicly let them know I appreciated the encouragement. Keep reading, people, keep calling, for without you and without the avenue Lakeland provides there would be no "Hometown Goodies". In fact, did anyone notice the shortness of the last two columns? I was contemplating scolding everyone again for not contacting me with enough tidbits and the mailman dropped off some items and the phone began to ring. So instead of a scolding I am saying thanks for all the fun tidbits this week. Pull up that old easy chair, man those reading glasses, and enjoy!

Pretty Little Nurse

A little birdie told me that Ed Dembinski enjoys reading this column on a weekly basis. In fact Ed is presently in the hospital and the little birdie also told me Ed is reading "Hometown Goodies" from his hospital bed. Boy, Ed, that is what I call loyalty! The same little birdie told me the nurse tending to your every need happens to be a tiny, pretty, little blonde. What more can anyone ask for in a hospital setting, a warm friendly, good looking nurse and "good" reading material.

All kidding aside, hope you are feeling better soon. If good wishes can bring about a speedy recovery, you should be up and about shortly. Take care, follow the doctor's orders, and say hi to that pretty little nurse from her mother, "The Lizard!"

Chance Meeting

I was recently presented with the pleasant opportunity of meeting and chit chatting with Russ Fairchild of Antioch. As you all know, Russ writes the annual Christmas time "Holiday Stroll" in this very same paper. As I walked into McDonald's trick-or-treating with 24 Camp Crayon ghosts and goblins, I spotted Russ quietly enjoying his break-

fast. I walked up and introduced myself to him and he said I was just as he thought I would be. I took it as a compliment, thinking he meant I talked the same way that I write, however that is. I didn't think he meant my personal appearance as I was all done up in the full makeup and strange attire of a "Clown Bag Lady." You will all be glad to hear that Russ is doing quiet well after his recent accident. He told me he will be starting to work on the "Holiday Stroll" and it will soon be appearing in the paper for three consecutive weeks. Russ, if you stroll past Camp Crayon on a Monday, Tuesday, Wednesday, or Thursday morning, stop in to say "hi" to the Camp Crayon staff and little ones in order that we too can be included in your "Holiday Stroll."

ACHS Tidbits

The fall sports awards night will be held on Wednesday, Nov. 14 in the ACHS north gym, at 7 p.m. Refreshments will be served in the cafeteria afterwards and parents are encouraged to attend with their sons or daughters. In recognition of American Education Week Nov. 12 to 16, parents are urged to visit ACHS between 8 a.m. and 3 p.m. any day during this week. The fine arts students will be putting on a play on Thursday, Friday, and Saturday, Nov. 15, 16, and 17.

AUGS Happenings

There are two teachers on staff at AUGS, Janet Maxon, the reading and language arts teacher, and Pat Hastings, the math and computer teacher. Everyone at AUGS would like to welcome them aboard. Sixty-five AUGS students recently spent four days at Camp Timberlee in East Troy, Wis. This is an outdoor education center that includes numerous lakes and marshes, miles of hiking trails, and plenty of places to be used as outdoor classrooms. The head of the science department, Deb Dankel was in charge of this educational trip. A special congratulations is in order for Dale Thiel, an eighth grade student, for being chosen the best math student of the month.

Two Special Birthdays

I would like to wish my son, Jim, a very happy

birthday. This is a special birthday for him as he will be turning 13 on Nov. 10. So now the "little caboose" of the family is a teenager (God help us all)! I would also like to wish my third daughter, Karen, a very happy 21 birthday. Karen will be celebrating this special day in her life on Nov. 18 and her mother is going to teach her how to gamble at the new Dairyland Race Track in Kenosha. So happy special

of his vehicle to make a delivery. He stopped to ask about the significance of the red ribbons, and immediately apologized for not having any money on him. All of a sudden, he remembers he received a tip one of his stops. He opened his wallet, and there in one of the compartments was a lonely dollar bill folded neatly into a small square. He quickly unfolded the dollar and placed it in the A.L.L. donation can and

Hometown Goodies

birthdays, kids, I love you both very much!

Great Season

The Antioch Viking Heavyweights and Lightweights have had a great season. On Oct. 28, they won the games in the semi-finals and advanced to the championship games on Nov. 4. The Heavyweights were victorious over St. Marys 39 to 6, and the Lightweights were victorious over Highland Park 12 to 8. The team claimed the victory in the last 25 seconds of the game, when Phil Jahnke made a touchdown. Sean Hanrahan made the first touchdown of the game. In the championship games the Heavyweights will be playing Round Lake and the Lightweights will be playing Winnetka.

Successful Campaign

The A.L.L. Parent Networking group was very successful with its distribution of Red Ribbon during National Red Ribbon Week. The group would like to thank everyone who made a donation for the ribbons. All donations were greatly appreciated and after expenses the proceeds will help support the post-prom activities. There is a special human interest story that took place in conjunction with this Antioch Drug and Alcohol Abuse Campaign that I would like to share with all of you. I received a phone call from one of the volunteers distributing the ribbons and the volunteer asked me to share the specialness of one of the donations. As this person stood in her designated area, a young delivery man got out

went happily on his way. It was this young person's way of saying, I agree with the message Red Ribbon week is delivering and thank you, volunteer, for giving of your time so freely.

Special Field Trip

The fourth graders from Lotus School and the fourth graders from Stanton School in Fox Lake spent a couple of days at Sky Lodge Camp in Montello, Wis. to engage in various types of outdoor education. They were greeted with three or four inches of snow but this did not hamper their adventures. The students participated in star gazing, canoeing, nature walks, nature crafts, fishing, horseback riding and archery. It also presented the separate fourth grade classes with the opportunity to meet and make new friends.

Easy Shopping

St. Peter's Church/School is offering area residents the opportunity to get a head start on their Christmas shopping as they open their doors for the Annual Arts and Crafts Bazaar. The bazaar begins on Friday, Nov. 16 at from 5 to 9 p.m. and there is no need to stop and cook before you leave as dinners will be served throughout the evenings. Saturday, Nov. 17, the doors will reopen at 9 a.m. until 5 p.m. and a lunch menu is available for your convenience. All of the St. Peter's volunteer hand crafters have been busy making special hand-made items throughout the year and in addition to all of these beautiful items that will be for sale, over 20 professional crafters will also be set up selling their beautiful wares. The bazaar also features a bake sale and over 15 fantastic prizes will be raffled off, among which are cash prizes and lottery tickets. Mrs. Santa Claus will be walking around greeting everyone on Saturday and all proceeds go to St. Peter's church school. So circle Nov. 16 and 17 on your calendars and stop in to shop the bazaar.

Fellow Staff Member

I would like to say hello to Sherry Doyle and JoAnn Ritzwoller who are two of the advertising account executives from Lakeland Newspapers. I recently met Sherry and JoAnn at a social gathering and had a fun

time visiting with both of them. We are fellow employees from afar and it was nice getting to know some fellow staff members. Keep up the good work, ladies, and I hope you enjoy wearing that clothing you recently purchased.

Adoptive Daughters

I would like to say happy Nov. 24 birthday to my "adoptive" daughter, Cindy Marquart. Cindy recently helped us chaperone a Camp Crayon outing and her bubbly personality helped make the special day just that much more enjoyable. Cindy is a pretty young mom who has two precious little sons, Chris (kindergarten) and Tommy (Camp Crayon). She is not really my "adoptive" daughter, but if she wants to apply for the job it would be fine with me.

Another thank you is in order for Tricia Olenick who is Marie Brausam's "Adoptive" daughter. Tricia also helped us chaperone the little ones at Camp Crayon during the trick or treat outings and her assistance was invaluable to us. So thanks, Cindy, for helping us out on Tuesday, enjoy your birthday, and thank Tricia, for helping us out on Wednesday. You are both very special people!

Anyone Welcome

Overeaters Anonymous meets each Friday morning at 10 a.m. at the St. Catherine Treatment Center in Benet Lake, Wis. on the same grounds as St. Benedict's Abbey off of Nelson Rd. Also at the same place, same day, at 11:45 a.m. the Emotions Anonymous group holds their meetings. "OA" and "EA" are support groups that help people conquer eating problems or deal successfully with their emotions. It is a 12 step program for adult men and women and anyone is welcome to join in the group(s). If you would like to attend an "OA" meeting or and "EA" meeting all you have to do is show up and go to the Cove meeting room.

Turtle Invasion

Okay, people, how many "Teenage Mutant Ninja

Turtles" did you see in and about town on Halloween? Camp Crayon had their annual Halloween parties and trick or treat outings on Oct. 30 and 31. Besides the "turtle" invasion we had batmen, Zoro, queens, Rapunzel, Dracula, cowboys, clowns, Indians, unicorn, skelton, dinosaur, dragon, mermaid, bunny, witches, ghost, ballerina, Raggedy Andy, Little Red Riding Hood, ninja, devil, angel, bag lady clown, and someone dressed up as a "Neighbor." Both days were sunny and mile and the kids enjoyed their ride on the school bus to various points around town, the village offices, police department, township offices, fire department, Nu-Way Products, Antioch Gasket Co., and McDonald's.

The Dist. 34 bus driver, Linda Hauser, was a big help in getting the little ones on and off the bus and the children would like to thank her for her time, efforts, and trick or treat candy that she gave to each and everyone of them. Finally, the teachers and students would like to say thanks to all the places who gave them goodies and to the Antioch McDonalds for the bad of goodies, soft drink, and for putting up with 25 little ghosts and goblins (three times)!

Final Week

Tonight, Nov. 9 and tomorrow, Saturday, Nov. 10, are the final two performances of St. Peter's annual Footlights. I would like to end the column with one more encouraging word for all of you to attend if you haven't already done so. It truly offers an exciting fun evening. Also, I would like to tell Russ Fairchild that I am planning to attend on Saturday. I know Russ is a great support of Footlights and if you are up to it Russ, maybe I'll see you there and us two Lakeland columnists will have the opportunity to meet once again. Take care, it was great meeting you and I was definitely glad to see you are up and about after your accident. You just can't keep some people down.

Back on track

After firing a wild first shot, members of the Stormwater Management Committee are on the right track by hiring a reputable search firm to find a director. The committee, headed by Mayor Richard A. Welton of Gurnee, still is smarting after running into a storm of criticism over its original choice. Three to four months allotted for the search ought to be ample time to find a qualified leader.

About the same time the new director reports for work, the county's four watershed management boards should be moving into high gear. After preliminary meetings the past several weeks, next step of the watershed management groups will be to select leadership and get down to the business of identifying problems, developing budgets and organizing technical help.

We believe that it is significant that the

committee is structured to attack flooding on the basis of the county's four watersheds—Lake Michigan, DesPlaines River, Fox River and North Channel of the Chicago River. This will insure ample input and direction at the local level. Village officials, in particular, have been wary about potential dictates from the county-wide unit. We just don't see this happening with the organization along watershed lines.

To be sure, the committee will have both power and money to correct drainage problems and correct abuses by builders and developers. But the county won't be able to get "carried away" with expensive and disruptive projects as municipal leaders have feared. They'll be part of the planning process. So if the mayor and council don't like what's happening, it will be their own fault.

Register to vote

Editor:

Now that the election is over, did the candidates you wanted to win get elected? Did the referendum you wanted pass? If not, could it be because you did not bother to register and vote?

It takes only a couple of minutes to register, and only about 10 minutes to vote. This is your right. Many people in other countries are giving up their lives for this right.

You may register to vote after Nov. 8.

Lawmakers don't know

Editor:

It seems that all the politicians in Washington and Springfield vote to protect each other from the people back home. They don't discuss controversial issues, so the voters don't know how their lawmakers really feel.

And then they design the legislative districts so that the incumbents will always be reelected. It's not fair. They are supposed to work for us, not the other way around. It's the insiders and the lobbyists, and I've had enough.

Gloria Nielsen

Negative special interests

Editor:

Our elected officials seem to think the voters are all ignorant and self-serving. Most of us would rather see them take the high road and propose issues for the good of this country of ours. They need to know this.

We know the budget should be balanced. We balance our own budgets daily. No one I have met has advocated a larger deficit. We would like our leaders to be responsible and pay the bills they incur. They need to know this.

We know that sales taxes, and lotteries, are regressive. We know these taxes take more from those of us who can least afford to pay them. We are all willing to pay our FAIR share and would like to see an end to regressive taxes. They need to know this.

What they do know is that special interest groups put money into campaign chests. Special interest groups provide honoraria, jobs, loans and a myriad of other benefits. What they know is that as long as they can keep us all pulling in different directions; as long as they can keep us concerned with our own day to day subsistence we will be providing for the good of the legislators rather than the good of the country. We need to know this.

As rich pay, Demos singing baloney song

by BILL SCHROEDER

Republicans let the Democrats get away again in Tuesday's election with their usual line of baloney about the "GOP going easy on the rich."

The facts are that Congress instituted devastating "sock-it-to-em" flat tax reform a few years ago that is working, in the words of Illinois Republican conservative Thomas F. Roeser, "with stunning effectiveness." The rich are paying more—a whole lot more. It's an out and out fraud when Democrats continue to claim that the rich are getting away with murder with GOP help.

We give credit to Roeser, a writer and commentator, for pointing out in his newsletter how well tax reform is working.

In 1988, the first full year of tax reform, the top 2.3 percent of taxpayers paid 77 percent of the \$47 billion in revenue growth while the bottom 87 percent paid only four percent. Revenues from the top group rose 31 percent in a single year while revenues from the middle class actually fell in real terms. That was because the act took six million poor off the rolls and lowered the average marginal tax rate to about 15 percent, removing sheltered income.

Roeser credits noted economist Warren Brookes with an evaluation of tax reform: "It was, in fact, a terrific bonanza for the working classes of this country and produced a terrific revenue explosion from the rich."

You be the judge. Are the rich paying enough taxes?

you had 18 years and now you don't like what Lake County is becoming what have you been doing for the 18 years?

Didn't know 'Skin Head'

Editor:

Suzanne Herbes received a mass mailing from C.O.D. (Curb Over Development). She decided to file a lawsuit against the group because C.O.D. had included copies of D-2 reports in this mailing. This report disclosed funds that were given to certain Lake County Board candidates from the Realtor Political Action Committee. More information could be found in the local papers with regard to campaign contributions than the D-2 form reports.

C.O.D. must have really offended Mrs. Herbes because the State Board of Elections dismissed this case twice, including an appeal. She is now taking

her case to the Appellate Court seeking a reversal of the dismissal.

On June 7, Mrs. Herbes was quoted by a newspaper "C.O.D. is worse than the Skin Heads or the Ku Klux Klan. They have to be stopped." After spending several hours working together on a fairground booth, Mrs. Herbes didn't even recognize one of the "Skin Heads," Earl Johnson the treasurer of C.O.D. and against whom she filed the complaint. This event after he introduced himself! Let me describe Earl Johnson. He has the appearance of the perfect grandfather. He is soft spoken, mild-mannered and very much a gentleman. Due to these attributes, he felt it was not the time or place to bring up the dispute. Many people would have taken that opportunity to verbally attack her.

Does Mrs. Herbes even know who she is harassing? Or, is she merely a pawn in her brother's hands, Jack Martin, one of the heads of Taxpayers for Good Government from Libertyville? Keep in mind, the mailing was sent to Suzanne Herbes, not Jack Martin.

C.O.D. is an organization concerned for the quality of life in Lake County. We are certainly not anti-development but are pro-controlled development and we seek to maintain Lake County as a desirable place to live. Back off Suzanne, quit wasting the tax payer's dollars. We're not a but that can be squashed! We are a group of caring, concerned citizens.

Crowded commuter

Editor:

I arrived at the Chicago train station at 4:35 p.m. and the train, which had many cars, was filling up very quickly. In order to avoid most of the crowd, I walked to the very first car and barely found a seat. The train was unbelievably crowded, with (Continued on next page)

MEMORIES—David Withem and Marc Carder, College of Lake County public safety officers, won't soon forget an off-campus assignment. They were members of the College of DuPage and Secret Service force protecting President George Bush who attended a rally at the college. Withem and Carder were part of an arrest team removing individuals who caused a disturbance. Neighboring community colleges each sent personnel to bolster security.

WINTER WORD—News director Dan Keeney at WKRS sends along word that Operation Iceberg is getting ready for business. That's where the station reports closings due to severe weather. As a community service the station reports closings. Dan says it's best to call before 5 a.m., either 336-8844 or 336-7900. You'll need to say the code word to get on the air. Sorry, we can't relay the code. Wouldn't be fair. Are we that close to snow and cold?

HELP SOUGHT—If you don't ask, you can't get help. That's the motto of a group of third graders at Clara Peterson School in downstate Paxton who are appealing to readers of this newspaper to send them postcards or letters telling them about about our town. They're studying the United States. Sounds like a big order, but that doesn't phase them or their teacher, D. Shields. Write them at 580 E. Franklin, Paxton, Ill. 60957.

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

ELECTION CLUTTER—Election day campaign signs almost hid many polling places in Lake County. Yes, there were the usual complaints.

Like it or not, those signs can be planted right outside the door of the building where the polls are located.

State law says no closer than 100 feet to the entrance of the room in which the polls are located.

WOOD IS BETTER—Campaign signs sure took a beating this election. The weekend before is when most candidates put them up.

This year it was wet, rainy and damp the weekend before. What paper and cardboard signs Mother Nature didn't destroy on Saturday and Sunday she got on Monday.

The only ones that withstood the raindrops and snowflakes were wood ones like those for County Clerk Linda Hess, Dist. 6 County Board candidate Beth Geuzendam and a few others.

Let this be a lesson to those who are going to run next spring when the weather is even more unpredictable.

WHO'S ON FIRST?—Robert Depke was in his glory election night. Voters returned him to the County Board and the spotlight he has been lacking the last several years in his perennial job as Warren Twp. supervisor.

This paves the way for him to bid for the job of County Board chairman, a job he held when serving on the same body before.

With another candidate, Matthew Miholic of Lake Bluff, defeated last Tuesday, it's a three-way race. Amazing, but the candidates are all from County Board Dist. 5.

There's beautiful and brainy Andrea Moore, who is third generation Libertyville. Betting is good she could become the first woman chairman in the 150-year history of Lake County.

Then, there is Jim Dolan, also of Libertyville, an ex-hardware store salesman who would like to be a politician.

Depke has been politicking for the job since last spring.

So, who's going to be the man? Remember: "It isn't over until the fat lady sings."

BITTERSWEET VICTORY—Easily re-elected to another term on the County Board in last Tuesday's election was Jim LaBelle of Zion in Dist. 3.

The manager of Northpoint Marina in Zion led voting in that district with 26.46 percent of those cast. Joining him on the board with almost the same number of votes is Bertha Ogrin with 26.08 percent.

LaBelle's victory was bittersweet. He was in the hospital election day for a bone marrow transplant.

PARTY TIME—Where's a good place to hold an election night victory party?

How about the township hall?

Carol Calabrese held her Dist. 5 party in the Libertyville Twp. hall. Supv. Ralph Swank Jr. went to the courthouse in Waukegan to watch the returns,

shake hands and let everyone know he is now a big man on the political campus.

Down the road in Dist. 5,

interest regarding Illinois Dept. of Transportation highway projects?

* A 1985 low-interest loan for a new house on Colbert Ave. in Waukegan for

Andrea Moore

Robert Depke held his party in the Warren Twp. Center. It was a good time for all. Surprise visitor was Congressman Philip Crane (R-Arlington Heights).

WHAT COVER UP?—An unsigned political pipe bomb arrived in the mail last week.

It asked this newspaper, State's Atty. Mike Waller and gubernatorial candidates Jim Edgar and Neil Hartigan why something isn't being done about the scandals in Lake County.

Not that anyone is playing dumb, but do you know about:

* Investigation of state Rep. Robert Churchill (R-Lake Villa) for conflict of

Robert Depke

Waukegan Twp. Republican Chairman Jack Diamond approved by his ex-sister-in-law?

The anonymous writer accuses all of us of a cover up until after the election. Apparently so, this is several days after Nov. 6. The letter arrived Nov. 5.

many people standing in the aisles and in the doorways. I am not an expert on train safety, but the large number of people standing in the aisles would appear to be a safety hazard in case of sudden stops or if the train were in an accident.

My husband and I both ride the north line trains and are very disappointed in this "new and improved" schedule. When you have a long ride, as we do, (a 12 hour day) you would like to ride in reasonable comfort, and arrive home as quickly and safely as possible. With the new schedule, we both have to add another 45 minutes onto our day because the 4:45 train and the early morning trains both make more stops and the ride is longer than before.

How can the service be improved when previously there were three trains to handle the 4:30 p.m. crowd (the 4:32, 4:42, and 4:46) and those three trains have been eliminated which leaves us with only the 4:45 to handle the same amount of passengers.

Arlene Frazier

Not so brilliant idea

Editor:
I take the 6:53 a.m. train from Round Lake. It is bad enough that I have to take an earlier train, but it doesn't even arrive in Chicago at its scheduled time.

The worst part of all this is the 4:45 p.m. northbound train. For the last two nights, people have been standing all through the train. It is unfair to have charged them for tickets when they can't even get a seat.

I would like to know whose brilliant idea it was to combine the old 4:33, 4:42 and 4:46 p.m. trains into one new 4:45 p.m. train. Anyone in their right mind would have known that you can't put three train loads of people onto one train.

This overcrowding has caused the train to arrive in Round Lake late every night

this week. This is very inconvenient for me because I am already running on a tight schedule. I have to pick up my son from preschool by 6:00 p.m. (closing time), and I have picked him up late each night. If it were possible for me to take an earlier train, I would; but I cannot leave work any earlier.

Why homes cost more

Editor:
Decent engineering standards for development shouldn't take the rap for the county's increased housing costs. There is no doubt that beefed-up standards will increase up-front costs of housing, but as they say in the old Fram TV commercial, "You can pay me now (hold up inexpensive oil filter) or you can pay me later (hold up expensive replacement connecting rod)."

As consultants to several municipalities, we see daily the results of yesterday's often lax standards: pavements that fail after less than half their design lives, lack of water pressure because of optimistic design parameters, localized flooding after even modest rains, failed manholes and catch basins, sewage treatment plants overloaded with ground water that leaks into sub-standard sanitary sewers, etc. These problems are very expensive to fix resulting in increased taxes. Such problems and the costs to fix them are markedly reduced if dealt with during design and construction. There is a price to pay, of course, but we know that the price for good work is more than balanced by the maintenance and repair savings over a 20 year period.

Inexpensive housing with expensive upkeep is no answer and is certainly no bargain.

Air Force nurse describes life in Saudi

A little more than two years ago Christine "Christie" Bochniak was like a great many high school graduates---wondering what to do about her life.

An attractive blonde with a picture-perfect smile, Christie set her sights on the nursing profession. To achieve her goal, she opted for military duty to earn GI Bill credits.

A stepping stone was enlistment in the Air Force and career enhancement with training as a surgical assistant. Christie was called to active duty after a brief stint as a temporary office clerk. She completed her training and was assigned to Homestead Air Force Base in south Florida.

Then affairs in the Middle East went awry and Operation Desert Shield was organized by the U.S. to stop aggression and protect national interests in the oil rich region.

All of a sudden the former basketball whiz at Grant High School found herself on a military transport headed for Saudi Arabia. Next thing the oldest daughter of Thomas and Gail Bochniak of 27562 W. Ashland Ave., Spring Grove, found herself living in a tent with a group of young women two miles from a possible shooting war against an enemy prepared to engage in gas warfare if provoked.

Christie's parents, her three brothers and her family and friends have come to know that the blue-eyed charmer brightened their lives with an endearing light-hearted outlook. Now they know that Christie's sense of humor is a source of strength in coping with a rugged assignment thousands of miles from home.

A letter to her grandmother provides a glimpse of life in the desert and insight into what young Americans in uniform face in Saudi Arabia. Airman Bochniak's letter follows:

A/IC Christine Bochniak

Hey! Well, I finally made it here, the plane ride was rough! We had an eight hour lay over in Spain, so I slept for a couple of hours and now I'm here. I can't tell you where I am exactly, but it's very hot, there's lots of sand, and we are right behind the front lines! Didn't think I'd be so close, huh? Me neither!

It's not so bad. I sleep in an air conditioned tent with eight other girls, also we have electricity, so it could be worse. We have pretty decent showers. They are set up in tents with sinks and mirrors but it's so hot that by the time you're done with the shower, you're sweaty again! Since I've been here I've mostly been sleeping during the day cause it's too hot to be out in the sun. Everyone here usually stays up all night. The temperature during the day gets to be 130 degrees. But the nights are really breezy at about 80.

We haven't set up the hospital yet because part of it is still on the way with more people so it's kind of like camping out right now. We've been filling sand bags to put around the tents and to make shelters with. Last night I played poker with the guys and lost \$11. So I don't think I'll be playing anymore! It's almost like M-A-S-H here.

There's really nothing to see here but sand and tents for miles. There's a little store on the compound to buy supplies but I'm pretty much set. There's also a tent to see movies, but usually it's so crowded that I say forget it. The food's not the greatest, but it's consumable. The worst part is - no beer! I'll be here for six months with no alcohol. UGH! So have one for me.

We wash our clothes by hand, but soon there will be washing machines set up. I'm glad I packed all by shorts and tank tops because we are allowed to wear them on the compound, and I have no intentions of leaving!

The time difference here is seven hours. I'm ahead of you, so that was also hard to get used to.

Well, that's about it. I never thought this would happen when I joined, all I wanted was the G.I. Bill, not to play Rambo in the desert. But I think I will be fine, we have lots of protection. I'm a little scared but I have a lot of friends here and we joke a lot. The only thing that scares me is chemical warfare, but I'm ready for that, too.

I'll just hate being away for the holidays.

Have to go. I'm allowed 70-pound care packages, so if you're feeling generous think of me. Write soon.

P.S. - There are lots of cute guys.

To our readers:

Our troops in Saudia Arabia face a long and arduous task. The will and patience of young American women and men in uniform will be tested to the nth degree. Maintaining high morale of our military personnel will be critical, perhaps a key ingredient of U.S. strategy. Everyone at home can play an important role in keeping the spirits of overseas personnel high by letting them know we support them and that we appreciate the sacrifices they are making. With this in mind, we invite our readers to submit photos and information about sons and daughters, relatives and friends on duty in Saudi Arabia to share their experiences. Include mailing addresses. Military personnel never can get enough mail from home. Photos and letters will be returned if you so designate. Let's show our military personnel that we're backing them 100 percent! Thanks for your cooperation.

Sincerely,

W. N. Schreiber

Every week, we have a special spot in our newspaper that's exactly right for that item you want to sell. If you tell us to run an ad for a car you no longer need, we place it in our CARS FOR SALE classification (No. 80). Want to buy or sell a horse? Your ad goes in classification No. 42. Why do we do it this way? Because it's easier for our readers (your customers) to find your ad. No long search, no missing your sailboat ad because it's mixed in with rummage sales. The next time you want to turn a no-longer needed item into cash, give the Lakeland Newspapers a try. You'll be in the right place. (800)442-8161

entrepreneur

Since becoming a car salesman in 1975, McHenry auto dealer Gary Lang has expanded his dealership to include over 500 cars in stock at all times. He owns and operates Gary Lang Chevrolet, Rte. 31, south of Rte. 120; Gary Lang Pontiac/Cadillac and Gary Lang Subaru, Routes 31 and 120.

Quality staff steers Gary Lang to success

By MARY SULLIVAN
Lakeland Newspapers

Auto dealer Gary Lang's business continues to grow and thrive, yet he remains humble about his roots.

In 1975, Lang was juggling his construction job with a part-time college schedule at College of Lake County. His wife, Pat, who was employed at Sorenson Chevrolet, Waukegan, suggested that her husband join the Sorenson team.

"She talked me into giving it a try," said Lang.

Fifteen years later, with the help of experience gained from Sorenson, Lang is at the helm of three McHenry area dealerships.

"If it wasn't for Jim Sorenson, I wouldn't be where I'm at," he said.

Proper training and a strong policy of promotion from within the operation are two factors which Lang credits Sorenson on his road to success.

Lang purchased a Chevy store in 1983, and the Gary Lang name became enshrined in McHenry's automobile row. The dealership is located on Rte. 31,

south of Rte. 120.

In 1985, the dealership, doubled its size and expanded its service department to include eight hoists.

A Subaru dealership was next to fly the Gary Lang flag. In 1987, Lang purchased the McHenry Subaru store at the corner of Routes 31 and 120, and paired it with the Geo name.

He completed his trilogy of dealerships earlier this year with the location of a Pontiac/Cadillac dealership in tandem with the Subaru/Geo site.

Fair prices and absence of what Lang

refers to as "Chicago-type pressure", have contributed to better-than-expected business at all three locations. However, he will not overlook the importance of his

Gary Lang; 'We attribute our success to our people. Without the crew we wouldn't have anything.'

service technicians, management team and sales representatives, all of whom he calls "the best."

"We attribute our success to our people," said Lang, "without the crew we wouldn't have anything."

Lang insists that all facets of the operation work together to offer the customer more than just a good deal on a car.

"We feel the total package is important, not just the price," he added.

Easy access from Lake County and convenient hours add to this package. Factory-trained technicians are on duty

Monday through Friday, 7:30 a.m. to 6 p.m. and Saturday until noon. After hours drop-off and pick-up is also available.

The service department boasts an extensive parts inventory.

The sales department is open Monday through Thursday, 8:30 a.m. to 9 p.m. and Friday, 8:30 a.m. to 6 p.m. and Saturday 9 a.m. to 5 p.m.

With the largest overall selection in Lake County, the Chevy store includes over 300 cars in stock at all times, plus 250 at the other locations, on top of a wide selection of pre-driven cars.

To accommodate the growing demand for vehicles among Lake and McHenry Counties' growing ranks, Lang has aspirations of further expanding his business to include the establishment of an auto mall in the area. Plans would be contingent upon economic conditions, traffic studies and finding an appropriate location.

Aldana wins Prudential award

Elvie B. Aldana, of Grayslake, received the President's Citation Award from The Prudential Insurance Company of America. The award is presented to the top sales representatives in the company.

Aldana received the award in Hong Kong at a conference of the company's top 150 agents. She placed 64th nationally among all Prudential's agents last year.

A native of the Philippines, Aldana moved to the U.S. in 1972. She worked as an accountant until October 1983 when she joined The Prudential.

In 1986, she qualified for the Million Dollar Round Table, and she was a member of the Mid-America President's Advisory Council from 1984 to 1987.

Over the years, Aldana has won numerous awards for her sales achievements. In 1985, she received the New Professional of the Year Award. She has received five President's Citation Awards. She has won the National Quality Award three times and the National Sales Achievement Award five times.

A self-described introvert, Aldana overcame her shyness to exceed in insurance sales. She built her business entirely on referrals.

Her goal, she says, is "to ensure the best quality service for my clients." She strives to provide them with an insurance plan that is best for them.

Free clinic for athletes

Lake Forest Orthopaedic Assoc. is offering a free injury and evaluation clinic to high school athletes on Saturdays from 9 to 10 a.m. throughout the school year at Lake Forest Hospital.

One member of the six surgeons is Dr. Clarence Fossier, MD, team physician for the Chicago Bears. A specialist will recommend any necessary X-rays or tests, and send an injury evaluation to the athlete's coach or trainer.

Where to cut your own Christmas Tree

Choosing and cutting the family Christmas tree can be a family outing that everyone will enjoy.

Before setting out, advises James A. Fizzell, University of Illinois Horticulturist, measure the spot in your home where the tree will be set up. Take your tape measure with you to the tree farm. Trees look a lot smaller outdoors than they do once you get them inside.

Lake Villa - Gengel Tree Farm, 38614 North Fairfield, Lake Villa, IL 60046, (708)356-5661. Scotch Pine. Open weekends after Thanksgiving, also Nov. 23. Hours: 9 a.m. to 4 p.m. weekends only. May close early.

The farms are open for business during daylight

hours. Please remember, if you plan to cut your own tree, bring your own saw and a rope to tie the tree to your car.

Bring the whole family, and maybe even a picnic lunch and plan to make a day of it. You will enjoy yourselves and get lots of fresh air and exercise at the same time. But in addition, warns Fizzell, wear boots, hat, gloves, and warm clothing...or you may get a little too wet and cold to enjoy the outing.

When you bring your tree home, properly caring for it will help keep it fresh and attractive. If you decide not to set it up immediately, cut one and one-half inches off the base, and place the tree in a bucket of warm water in a cool, shaded area,

sheltered from the wind. Just before putting the tree in its stand, cut another inch off the base of the trunk. This will expose

fresh wood and allow the tree to take up water more readily.

A tree stand filled with water will help prevent

needle drop and will greatly increase the tree's fire resistance. A pint to a quart of water should be added to the stand each day; keep the water level above the bottom of the trunk.

No tree can be expected to last indefinitely. As a general rule a fresh-cut tree will last indoors from one to three weeks. Keep the tree away from heat sources. Make certain

lights on the tree are UL approved and strands are checked each year for wear. Do not leave lights on when the tree is unattended. When dry and brittle, a Christmas tree is a fire hazard and should be taken down immediately.

Start a family tradition this year by enjoying the outdoors and cutting your own Christmas tree.

Cambridge Homes earn key awards

Cambridge Homes, Inc., one of the largest home builders in Illinois, received recognition with three key awards, including a gold key, at recent ceremonies held at the Stouffer Hotel, Itasca.

The Key Awards are presented annually by the Home Builders Assn. of Greater Chicago, and focus on achievements in the areas of land planning, landscape architecture, architectural design and interior design of model homes.

Cambridge homes, based in Libertyville, received a gold key for the architectural design of the Trent model at Spring Dale Trails in Spring Grove. The Trent was in the category of single family detached homes

under 1,800 square feet. The architect for the community is Otis Associates, Inc.

In addition, Cambridge Homes received bronze keys for architectural design at two other communities. They are: The Hanley model at Mill Creek Crossing near Gurnee in the category of single family detached homes from 2,801 to 3,200 square feet.

The Braxton at Cambridge Point Townhomes in Carol Stream in the category of multi-family homes under 1,500 square feet.

"Because we take pride in developing homes that are attractive, functional and appealing to home buyers with many different lifestyles."

film review

We decided to review a PG13 or better film this week. Finding a new and interesting film rated less than R is a feat unto itself.

Ending up at a showing of "Mr. Destiny" starring Jim Belushi was the best we could do.

This is a fluffy little comedy that is loosely modeled after the classic, "It's a Wonderful Life."

The plot of "Destiny," which involves finding out how different one's life would be if an early incident could be changed, is where the resemblance to the Christmas classic lies and it stops there, devoid of the human interest, fine acting, writing and directing found in "Life."

Belushi, unhappy with his life, by virtue of the mystic bartender he is complaining to, played by Michael Caine, gets to change his life to riches and success only to find out that he was better off before.

By allowing him to win the high school baseball game that led to the championship instead of mugging it like he really did, Caine has Belushi marry the daughter of the richest man in town who makes him an executive of his company.

When this leads to an attempt at his murder by his new mistress and new wife, Belushi finds that the grass is not always greener, etc.

This one is OK at video rental prices, but as far as first run ticket prices go we'll give "Destiny" three stars out of five.

video

"Pretty Woman," the biggest movie moneymaker of this year is now out in video. If you're lucky enough to get a copy, do so. This Richard Gere, Julia Roberts flick is pure enjoyment for adults.

"The Hunt for Red October," the last of the big cold war films, is exciting and well-done. Kudos for the performance of Sean Connery.

"Love at Large" with Ann Archer and Tom Berringer is a detective thriller plus love story well worth the rental price.

"Cook, Thief and Wife," very adult story about a love triangle. Maybe too sophisticated for the average viewer. Critics gave screen version a high rating.

If you've seen all the new videos, why not re-enjoy some of Hollywood's greatest musicals, get "That's Entertainment" and its sequel, "That's Entertainment—Part 2."

The list of the top video rentals include many that have been on the video store shelf for awhile.

"Glory" still ranks No. 1, closely followed by the kids' obsession with the "Teenage Mutant Turtles."

Academy Award winner "Driving Miss Daisy" is the third most rented video followed by "Bad Influence."

Tom Cruise and his stellar performance in "Born on the Fourth of July," although it's been out for quite awhile, ranks No. 5.

Numbers 6, 7, 8, 9 and 10, in that order are "Firebirds," "Joe Versus the Volcano," Bette Midler's "Stella," Disney's version of "Peter Pan," and Gere's comeback movie, "Internal Affairs."

On the ball in Lake County

Well-known comedian David Brenner spends a few days in Lake County doing television commercials for Brunswick Billiards. Brenner, who has just signed with Brunswick to be

their celebrity representative, taped several commercials, which were filmed at the Country Squire Restaurant's banquet facilities in Grayslake.

'Arsenic' to light up PM & L stage

PM&L's second play in Season 30 is the goulsh comedy hit "Arsenic and Old Lace" by Joseph Kesselring. It will be presented at the PM&L Theatre, 877 Main St., Antioch, on Nov. 23, 24, 30, Dec. 1, 7, and 8 at 8 p.m. and Nov. 25, Dec. 2 and 9 at 2:30 p.m.

Peter Thelen from Antioch is directing "Arsenic and Old Lace" which is one of the most popular choices for community theatres ever written. It is a play that can be enjoyed by the whole family. Box office ticket prices are \$6 for adults and \$5

for students and senior citizens. Seating is limited so reservations are necessary. Tickets should be picked up at the box office at least 15 minutes before curtain. For reservations or further information call (708)395-3055.

The cast is made up of several newcomers to the PM & L stage as well as some of the familiar faces. The charmingly innocent Brewster sisters are Joanne Cowen from Camp Lake as Abby and Diane Hosken from Lindenhurst as Martha. Tom Hausman from Antioch reenacts his memorable role of Teddy Brewster who thinks he's Teddy Roosevelt. The menacing Jonathan Brewster is played by Philip Jaeger from Zion, and his side-kick Dr. Eistein is Sander Sunberg from Ingleside. The same Brewster, Mortimer, is Allen Titus from Round Lake Beach, and his lovely fiancée, Elaine Harper, is played by Lylann Seger from Wadsworth.

Other cast members are Bill Finley from Round Lake as Dr. Harper; Russ Gruber from Ingleside as Abe Klein; Edward Jurgaitis from Lake Villa as Pat Brophy; Randy Kick from Antioch as Joe O'Hara; Regina Reynolds from Round Lake as Lt. Rooney; and en Scheske from Antioch as Mr. Gibbs and Mr. Witherspoon.

Maui's Best Beach

by JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

In the early 1970's you were likely to find the Rolling Stones jamming here. Elton John was also known to hang-out on this, the most beautiful beach on Maui, if not all of Hawaii. No, I'm not talking about Kaanapali with its wall to wall hotels. You know me better than that.

This breathtakingly beautiful stretch of white sand is called Makena Beach, though the locals just call it "Big Beach". (There is also a "Little Beach" I'll tell you about later). As yet the building cranes, often called Maui's state bird, have not desecrated this last remaining piece of paradise. In fact, you will have to find an unmarked dirt road to get to Big Beach. If you promise not to tell anyone, I'll give you directions.

From Wailea Village on Maui's south shore, head east about four miles. You will pass the new Maui Prince Resort. Keep going and the road will get very narrow. You will come to some small, but very steep hills marked with "No sight" warning signs. Immediately past the third "No sight" sign is a dirt road. Turn right for a couple of hundred yards and you're at Big Beach.

That island across the channel is Molokini, a half sunken volcanic crater. It's very popular for snorkeling trips since it is a marine sanctuary with coral gardens and thousands of reef fish that will eat from your hand.

To your right is a cinder cone known as "Red Hill". If it's whale watch season (November to about May), you've got an excellent chance of a sighting from this viewpoint. Arrive near sunset and, if you don't see a whale, you will experience a spectacular sunset!

By the way, on the other side of Red Hill is "Little Beach". You may experience a sighting or two there, also, as this is a favorite nude beach.

For those preferring something a little closer to civilization, the beach in front of the Maui Prince is, as all beaches in Hawaii, open to the public. To get to it turn right just past the Maui Prince on to a road that will immediately become dirt. Continue along past the front of the Maui Prince and you will find a parking area complete with restrooms. You're right across from a church built in 1832 which still holds services in Hawaiian every Sunday at 11:00 a.m.

'Barber' first class

by TOM WITOM

Gioacchino Rossini's "The Barber of Seville" has completed its six-day run at Goodfellow Hall in Waukegan's Jack Benny Center for the Arts. And the sounds of "Figaro, Figaro" have long since died out, although fond memories of the Bowen Park Opera Company's most recent production linger.

The intimate theater in Bowen Park made an ideal setting for this professionally performed comic opera.

Critic's Choice

Hearing is done in English was a special treat. Its directors, Michael Wilson, music; Kenneth Smouse, state and Lynn Schornick, artistic, brought together a first-class cast.

Lorraine Branham of Libertyville was perfect as the enchanting Rosina. Exuding charm and at the same time coquettishness, she's quite believable when she sings "a thousand tricks I'll play, but I'll have my way."

Brad Hoffman shines as Bartolo, the infatuated blockhead of a doctor, a character bursting with self-importance.

Two other key figures with smooth but powerful voices were Kevin Wood as the love-struck count and David King as Figaro, the barber who devotes as much time serving as a catalyst in romantic intrigues as he does to the hirsute needs of his growing clientele.

Anna Witt-Kite, as Bertha, an elderly housemaid, put forth a good effort but was weak in her solo number.

Next on tap for the Bowen Park Opera Co. will be Pergolesi's "The Maid Made Mistress" and Bernstein's "Trouble in Tahiti." Performances are next spring, April 26, 27, and 28 and May 3, 4, and 5.

**Quickwitted brothers**

'Broadway Bound,' playing at Truman-O'Rourke Theatre has Pegasus Players Martin Bedoian and Brian McCaskill playing quickwitted brothers who want to be radio writers.

'Broadway' filled with understanding

by TOM WITOM

Neil Simon's semi-autobiographical "Broadway Bound," set in the Brighton Beach area of Brooklyn during the 1940s, is a comedy rife with understanding about unhappy real-life people.

As staged at the Truman-O'Rourke Center by Pegasus Players, there's nothing cardboard about its characters, especially Eugene and Stanley Jerome, the young, quick-witted brothers who have teamed up with the intent of breaking into radio comedy writing.

Bubbling with the excess of youth, the two brothers (wonderfully played by Martin Bedoian and Brian McCaskill), find that the eccentricities of their own family circle are fertile ground for the skits they create.

"Broadway Bound," under Michael Leavitt's adept direction, is a well-modulated, sensitive look at a family in the throes of major changes. It will run through Nov. 11 at the center, 1145 W. Wilson, Chicago.

Lump Sum Distribution Seminar**Is it better to pay taxes or use an IRA rollover?**

This free seminar may well help you save hundreds—perhaps thousands—of your retirement dollars. This comprehensive review of retirement plan distributions can show you whether it is better to pay taxes now—using special income-averaging—or to take advantage of the tax deferral of an IRA rollover.

Several tips to find a competent mechanic

It's autumn and time for car maintenance. While some people jump in, make countless trips to auto parts stores and do their own work, other motorists concentrate on football games and fall leaves, wishing the whole issue would go away.

Whatever your feelings about car maintenance, one thing is certain, vehicles that are not serviced and prepared for winter conditions stand a good chance of breaking down sometime during the cold months. An inconvenience during the summer, a breakdown in the winter could be deadly.

To help vehicle owners get their cars and light trucks ready for winter driving, the non-profit National Institute for Automotive Service Excellence (ASE) offers the following care tips and advice about finding competent auto repair. Some of the maintenance tips are easy to do, others may require a skilled auto technician.

1. Whether or not you plan to do the work yourself, read your owner's manual. In addition to con-

taining information about the vehicle's components, the manual lists the manufacturer's recommended service intervals. Follow these schedules.

2. If you simply aren't the do-it-yourself type, find a good repair shop and become a regular customer. Among the way to identify a reputable establishment: Word-of-mouth recommendations, a good record with local consumer groups, the availability of modern equipment, a courteous staff, basic orderliness, the presence of customer service awards, professional diplomas and certificates, and signs of advanced training.

Shop policies should be posted or someone should be willing to explain them to you.

3. An increasingly popular way to judge the competence of individual mechanics is to look for standardized credentials. Certification is especially useful to consumers who do not already know a competent mechanic.

The National Institute for Automotive Service Excel-

lence (ASE) is unique in offering the only industry-wide credential for automotive technicians. Technicians certified by ASE have passed national competency exams and have at least two years of on-the-job experience. Tests are given semi-annually at over 400 locations.

Certified technicians wear blue and white shoulder insignia and carry personalized credentials listing their specialties (brakes, engine repair, and so on). Employers often display technicians' ASE credentials in the customer service area and post an ASE sign on the premises.

There are about 235,000 ASE-certified technicians nationwide in dealerships, service stations, independent garages, etc.

4. Windshield wipers should be inspected and new blades installed if the old ones show signs of wear. The washer fluid reservoir should be filled with a good grade of washer solvent capable of resisting freezing. Never add engine anti-freeze to the washer reservoir, it can splash and ruin you vehicle's finish.

5. Give your car a good washing and thorough waxing to help protect its finish from the road salts and chemicals you will undoubtedly encounter.

6. Headlights, turn sig-

nal lights should be checked and replaced if burned out.

7. A weak battery and loose or corroded cables are certain to cause trouble in colder weather when you will need maximum cranking power.

Clean cables and battery posts, tighten all connections. The alternator drive belt should be inspected for tightness and condition. Replace if glazed or frayed.

8. Tires should be inspected for nicks, cuts, tread wear and proper pressure. Let the tires cool down before measuring the air pressure. Cupping or uneven wear indicates worn parts or an alignment/balancing problem which should be corrected at a good shop.

9. The engine cooling system needs an inspection. Check your radiator hoses for cracking and swelling. Look for leaks at hose connections.

If it's been more than two years, drain, flush and refill your radiator with the appropriate mix of coolant/anti-freeze.

10. It is wise to examine the exhaust system for overall condition and rust-through. Inspect your trunk and floor boards for small holes, too, since a leaking exhaust system could spell trouble for occupants of

11. If you have noticed a change in your brakes (pulsations, longer stopping distances, etc.), have them examined.

12. If you must drive in extreme weather, pack a survival kit. Include such items as blankets, boots, a small shovel, tire chains and a container of gravel or

tightly closed vehicles. kitty litter for traction, emergency flares, a good flashlight, and perhaps even some freeze-dried food and bottled water. A small CB radio is a wise investment.

13. Finally, do not forget the two items that everyone seems to put off: Oil change and tune-up.

Loud turn signal for hearing impaired

Driving down the road, you are ready to turn left. You see an oncoming car, with the turn signal blinking.

Do you turn, or has the driver just forgotten to turn the signal off?

How many times have you opted for the second answer and been right? You were probably annoyed with the driver, but at least a potential accident was avoided.

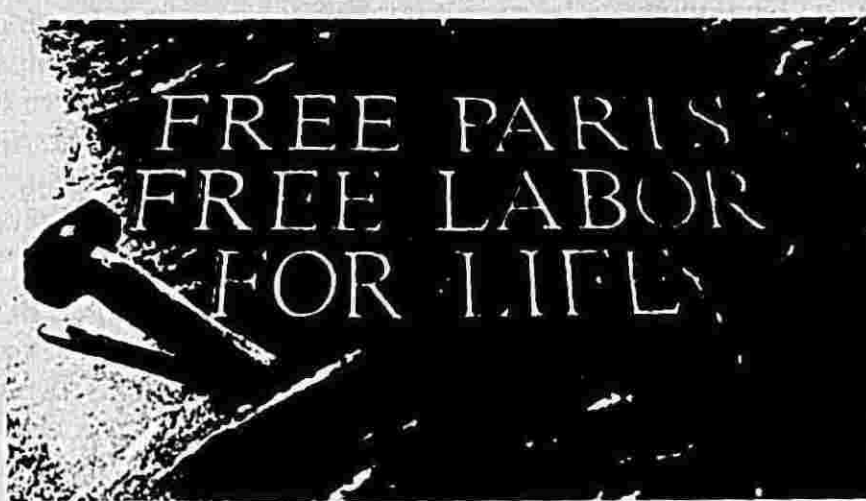

However, many times the blinking flasher has not been "forgotten" by a careless driver. Unfortunately, it could be that because of having some degree of hearing impairment, the driver just was not able to hear the turn signal flashing.

Fortunately, there is a flasher on the market today which has been engineered to give a 90 decibel clicking sound—more than twice as loud as regular flashers—which helps warn the driver of the flashing turn signal.

Ideal Div. of Parker Automotive, a manufacturer of automotive flashers, thermostats and hose clamps, has designed the loud flasher as a safety device to help guard against unknowingly, or falsely, signalling turns to other drivers.

These loud turn signal flashers replace existing 12-volt, two terminal flasher units and fit most American cars and light trucks. They

can be obtained at automotive retail outlets around the country.

Ford maintains that the best car repair guarantee in America is one that money can't buy.

After 90 days, most car repair guarantees crumble. But not the Lifetime Service Guarantee.

With the Lifetime Service Guarantee, you get what you don't pay for. Here's how it works.

Once you pay for a covered repair at any participating Ford or Lincoln-Mercury dealer nationwide, the bill will be stamped as an LSG repair. Then, if the same repair ever needs to be done again, just show your receipt and we'll fix it free for as long as you own your car. Free parts. Free labor. For life. It's that simple.

The Lifetime Service Guarantee is America's best car repair guarantee because it covers virtually everything except normal wear and maintenance items like wiper blades and tires. And it's available only to Ford, Lincoln and Mercury owners. So ask us for a copy of the Lifetime Service Guarantee.

Depke holds edge in chairman race

by BILL SCHROEDER
Lakeland Newspapers

Voters helped thin the ranks of candidates for Lake County Board chairman in a battle that is getting earnest now that the general election is history.

Electors in Democratic Dist. 2 of Waukegan and North Chicago dumped veteran Republican Matthew F. "Matt" Miholic in favor of two Democrats, Stanley J. Pekol, a former board member, and Angelo D. Kyle.

Miholic was expected to make a bid for the chairmanship that will be decided the first Monday of December by a reorganized board with a lot of new Republican faces and four Democrats put into office Tuesday.

With Miholic, a resident of Lake Bluff, derailed, the chairman's contest is expected to center in Dist. 5 of Warren Township, Libertyville Township and part of Vernon Township where Republicans Carol Calabresa and Robert "Bob" Depke, supervisor of Warren Township, were elected to two-year terms as were all the candidates Tuesday as the county gets ready for redistricting.

Hold-over Dist. 5 Rep. James Dolan, long-time board representative, has let it be known that he's ready to ascend to the chairmanship as has another Dist. 5 hold-over, Andrea Moore. Both are Libertyville residents.

Thus, the stage is set for an all Dist. 5 battle for the chairmanship between Depke, a former chairman; Dolan and Moore.

After garnering a nomination last spring, the crafty veteran Depke quietly has been lining up support all summer and is rated the favorite as Tuesday's returns are analyzed. He has plenty of political IOU's to cash and is looking for support from Republican regulars elected in the general election.

Voters went for recognized leaders Tuesday in electing County Board representatives. Robert M. Buhai of Highland Park, a newcomer in county politics, but a popular former mayor, won a seat from Dist. 1. The board newcomers also include Dist. 6 Rep. Colin McRae, former mayor of Mundelein.

Dist. 4 voters in north Waukegan and Zion split their tickets to elected Democrat Bertha Orgin, a former board member, and Republican Jim LaBelle, an incumbent and former chairman. In the process, veteran Democrat Samuel E. Payne Sr., one of two blacks on the board, was retired.

Following are County Board results:

Dist. 1---

Robert M. Buhai, Dem, 13,552
Steven Warren Mandel, Dem 11,938
Edna J. Schade, Rep, 12,926
John G. Janowick, Rep, 10,251

Dist. 2---

Angelo D. Kyle, Dem, 4,858
Stanley J. Pekol, Dem, 5,141
"Jeff" Jeffers, Rep, 3,724
Matthew F. Miholic, Rep, 3,969

Dist. 3---

Samuel E. Payne, Dem, 7,984
Bertha M. Orgin, Dem, 8,298
Jim LaBelle, Rep, 8,419
Bonnie Murphy, Rep, 7,119

Dist. 4---

Julia E. Edwards, Dem 9,352
Larry Leafblad, Rep, 11,836
Charlotte "Char" Kiesgen, Rep, 11,581

Dist. 5---

Maurine E. Moore, Dem, 11,209
Robert W. Depke, Rep, 15,249
Carol Calabresa, Rep, 17,672

Dist. 6---

Elizabeth "Beth" Geuzendam, Dem, 11,833
Colin L. McRae, Rep, 16,289
Robert L. Grever, Rep, 16,532

Calabresa leads vote in County Board race

by JOSEPH SOULAK
Lakeland Newspapers

This week's election was good to both Carol Calabresa of Libertyville and Robert Depke of Warren Twp. The two candidates for the County Board in Dist. 5 were easily voted into office for two years.

They bested Democratic challenger Maurine Moore of Lake Bluff who got a respectable 11,209 votes or 25.40 of those cast in this race.

Calabresa, seeking her second term, led the race with 17,672 votes or 40.05 percent. Depke got 15,249 votes or 34.55 percent.

Both will serve only two years until 1992 when reapportionment will force reelection of the entire 24-member board. The salary is \$30,000-plus annually, rising to \$32,000 by 1992.

Calabresa, an environmentalist who served on the Libertyville Twp. board when the state's first open-space district was organized, has won a strong following based on her land preservation zeal. Once tagged as an understudy to F.T. "Mike" Graham when he was township supervisor, Calabresa has shaken that image.

Depke, who previously served on the County Board for eight years, already has an agenda for his return to office in December. He wants to be board chairman, a position he held for two years previously. Depke's two challenges will come from incumbent board members James Dolan and Andrea Moore, both of Libertyville. Moore has been quietly campaigning since

board chairman in the 150 year history of Lake County.

Depke is pro-development and has the financial and political backing of Lake County developers and realtors. Winning a County Board seat makes him an automatic member of the Forest Preserve Dist. He has already stated he will promote a new land-buying policy. This includes canceling some acquisitions designated in recent months. He also wants to develop property already acquired rather than buy more land.

While on the board before Depke was highly critical of the Lake County Health Dept., its powers and attempt to extend its powers. He has expressed a strong desire to curb what he believes is a growing level of bureaucracy.

Mettawa gives OK to changes

Mettawa voters gave overwhelming approval to two special questions on last Tuesday's ballot.

The home rule question won 110 to 51 or a 68-32 percent margin. This change in the village constitution will help the mostly-rural community grow into the 21st century.

The second question of adopting a moratorium on all non-residential zoning in the village or to be annexed also was approved by almost the same margin, 109-45.

Hess celebrates victory

Lake County Clerk Linda Hess, left, and Lake County Democratic Party Chairman Betty Ann Moore show Hess backers the latest donkey added to Hess' collection. Hess easily defeated Republican Paul Chung for re-election Tuesday. - Photo by Steve Peterson.

Couple knew early Hess was special candidate

by STEVE PETERSON
Lakeland Newspapers

When Hank and Leana Malak first met Linda Hess, Hess had just moved to Lake County and was a little-known precinct committeeman.

"When we met her for the first time, we liked what she stood for and said, 'we have to get her elected'," Leana Malak said.

At just past midnight Wednesday, the Malaks joined in with Hess backers as she emerged from her office at Lake County Building to a round of applause.

Hess earned her third term as Lake County Clerk by easily defeating Dr. Paul Chung, 60.21 to 39.79 percent.

"My first two terms I won with 51 percent, so this time I was committed not to have a squeaker," Hess said.

The Malaks, Gurnee residents, looked on as Hess enjoyed the spotlight. For they were closer to Lake County's only Democrat to hold county-wide office well. Hess is always welcome at the Malak residence.

"We like to call ourselves her Lake County mother and father," Hank Malak, clad with a "Hess" sticker on his back and button on his hat, said.

The Malaks are no strangers to politics, even before they knew this Democrat from Virginia. They had been active in mayoral campaigns in North Chicago in the 1940s.

Hank Malak said signs of Democratic candidates in Lake County were damaged long before the rain just prior to election day.

Hess called on campaign reforms. She said the primary election should be held in September instead of March.

In addition to her mandate from voters, Hess had a big grin when she accepted a present from workers. It was another donkey doll to add to her collection.

A few feet away, Lake County Republican Chairman Robert Churchill spent the evening closely by the telephone and the computer at the Republican table.

This was the first election for Churchill since he assumed his position as boss of

Lake County Republicans. "Everybody wants you to be an working member of their campaign," Churchill said Sunday.

One of the more unusual requests Churchill had to fulfill was to track down a case of Eggo waffles. The waffles were a symbol of Edgar's campaign in the closing days, as he charged Neil Hartigan with changing his position or "waffling".

Churchill took a break at Edgar headquarters in Waukegan Sunday after Edgar visited there for one of his final rallies.

For his race, Churchill said his 61 to 38 percent margin over Henry Marquard was per track record.

"Henry Marquard should never hold a public office. He has a total disregard for the truth," Churchill charged.

"We put together a decent political organization in five months. We ran because we did not think someone should be unopposed," Marquard said.

Fundraising was the hardest part of his rookie campaign, and Marquard said the loss showed the power of the incumbency.

Will Marquard be heard from in the political spectrum again? "I'm not ruling anything in or anything out," he said.

Relieved: that's what Lake County Conner Barbara Richardson was after voters rejected a bid to have her office and that of recorder of deeds appointed. "It gives more responsibility to the voters to be the hirer and firer," she said.

Welcome home: Fred Foreman was at the Lake County Building Tuesday, as usual. Now he is state's attorney for the northern district of Illinois, but the Warren Twp. High School graduate has not forgotten his roots. "It was a very clean election. There were few incidents of vote fraud," he said.

Welcome aboard: Larry Leafblad of Highland Lake topped the field in the Lake County Dist. 4 race. "I'm running because of her," Leafblad said, pointing to daughter Alice. Alice and Dad then raised their arms jointly in the traditional victory symbol.

"Buddy always was the 'take charge' type."

He still is. 30 years later. Like the other night, he said: Look, Sis. With your salary, and the kids, you ought to have a will, insurance policies, and pre-plan your funeral. You should take care of these things. It's easy, believe me. I'll help. He did, and it was easy. Sometimes, it's nice having a know-it-all kid brother!

For more information about funeral pre-planning, please call. No obligation, of course.

Triple "A" Builders

34390 N. Rt. 45
Lake Villa, IL
708-223-7900

"The Diplomat" was designed by J.D. Graham, president of Oasis Designs, Inc., Tallahassee, Fla. Mr. Graham is a licensed builder who brings over ten years of construction experience to each home design. His plans utilize simple, proven building techniques which maximize aesthetic appeal while minimizing construction cost.

Designed for a warm climate, the exotic Moroccan-flavor Diplomat is fit for a sultan, with three minaret-like turrets and a fan in almost every room. This sprawling tile and stucco home is the creation of guest designer J.D. Graham, president of Oasis Designs, Inc., of Tallahassee, Florida.

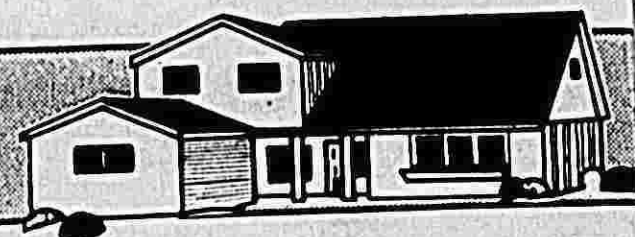

The largest of the octagonal turrets, boasting a 22-foot ceiling and octagonal clerestory windows on four sides, serves as entryway and doubles as an atrium. The entire floor is ceramic. To the right is a walk-in entry closet and living room that looks out over a front courtyard with planters and a fountain. To the left is a half bath, wet bar with refrigerator, and the passageway to the dining room.

kitchen, utility area, and the connecting hallway. A built-in desk tucked into one corner of the kitchen could accommodate a home computer and there's also a spacious walk-in pantry. Occupants of the luxurious master suite, located at the opposite end of the home from the other four bedrooms, have plenty of privacy. The ceramic-floored master bath features both an oversized tub and a wide, uniquely shaped glass-enclosed shower with a tile seat. Twin vanities are located in a separate dressing area outside the bathing facilities and toilet. A walk-in closet large enough to house a small elephant, features a pass-through window opening to the laundry room.

And, of course, the sleeping area opens into the remaining high ceilinged turret, ideal as a quiet retreat for reading, sewing, or just dreaming.

Each of the other four bedrooms have ample storage space and fans. One of them, equipped with a private bathroom, could be used as a guest room or to house an aging parent.

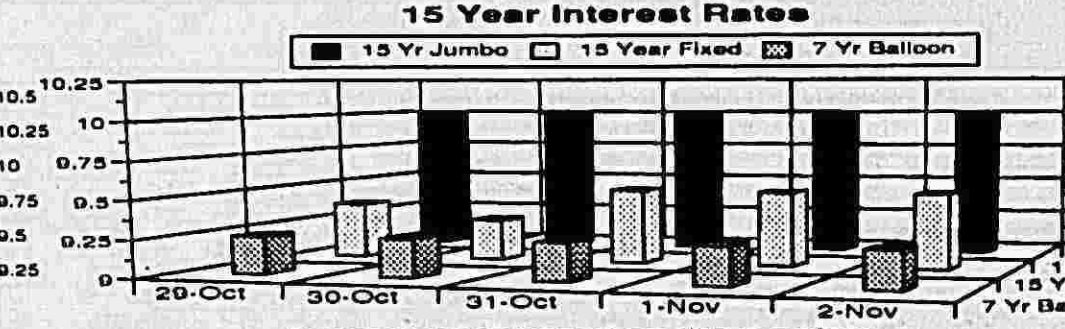

For a study plan of the DIPLOMAT (299-10), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, Or 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

YOUR HOROSCOPE

by Charles King Cooper

ARIES (March 21 to April 19) Avoid unwise expansion in business and excessive personal spending now. You have to stay on your toes, so be vigilant and prudent. Though nothing of major consequence happens now, it still is not the best time for getting your way. Be willing to compromise.

TAURUS (April 20 to May 20) Try to be up front now. Evasiveness will only complicate your relationships. While you sort things out, others may feel neglected, hurt or misunderstood. Duties at work could interfere with social plans now. In any case, don't let distractions interfere with accomplishments.

GEMINI (May 21 to June 20) You'll profit from some expert advice about a career concern, but don't mix business and pleasure now. Partners also demand your attention. A relative may temporarily put a damper on your plans for travel or have reservations about your educational plans.

CANCER (June 21 to July 22) Be sure to consult with partners before committing yourself to a major expenditure. Overall, it's a week to keep a careful eye on financial matters. It's nothing serious, but be aware of others' feelings now. Partners are prone to be overly sensitive and easily hurt.

LEO (July 23 to August 22) If you let things slide now, there'll be plenty of catching up to do before week's end. Exercise is the key to physical fitness. Going out now could lead to unnecessary extravagance. Something may be bothering a close tie. Leisure pursuits are best enjoyed at home.

VIRGO (August 23 to September 22) Friends and family probably don't mix very well at present. You need to have a good talk with a relative. Encourage this person to open up. You needn't rush into a commitment. Take the time to think things over. Take no unnecessary chances.

LIBRA (September 23 to October 22) The accent is on saving rather than spending. Sort fact from fiction in talks with others, for some of what you hear now is not exactly the truth. Though friends are well-disposed toward you now, you shouldn't become financially involved with them.

SCORPIO (October 23 to November 21) A career opportunity looks promising, but you have a tendency to second-guess yourself now. Don't let a wall of silence build up between you and a dear one. You're anxious to join friends in their activities and may be tardy on completing assignments.

SAGITTARIUS (November 22 to December 21) Yes, a business development is in your favor, but you needn't go overboard in celebrating it. Avoid a condescending attitude toward a friend now. There are still a few hitches to be worked out with a travel plan. You may be a bit touchy.

CAPRICORN (December 22 to January 19) Don't let indecision about a business matter cause you to be wishy-washy about everything! Some luck is with you now, and you should capitalize on it. You can have a good time going out now, but don't quibble about costs. Quell suspiciousness this week.

AQUARIUS (January 20 to February 18) Even though the breaks are going your way, it will take extra concentration for you to get into your work now. Avoid domestic bickering after dark. There may be a few surprises in connection with entertainment plans. Details may smother you on the job.

PISCES (February 19 to March 20) You probably won't overspend now, as you seem undecided about one purchase. Don't make such a big deal about it. A friend may keep you waiting. Expect one surprise in connection with business. This week finds you optimistic, but you may get picky by week's end.

Church Talk

Wadsworth

Dec. 1 will be a great day to finish your Christmas shopping. St. Patrick's Church, 15000 Wadsworth Rd., Wadsworth will hold a Christmas Craft Bazaar from 9:30 a.m. to 6:30 p.m. There will be 40 crafters, a bake sale and many items for raffle. Lunch will be available. There will also be activities available for the children while the parents shop. Bring a gift to Santa, items will be donated to area charities. For more information call (708)662-6662.

Vernon Hills

Every gathering for worship at Christ Lutheran Church is a healing service. On Sunday, Nov. 18 at 7 p.m. everyone is invited to join them for this special service. Jesus healed as part of his ministry. Christ's actions of healing came in many forms, forgiveness of sins, casting out demons, laying on of hands, anointing the sick with oil. Participants will sing, pray, and reflect on what God's intention might mean for each of us. Christ Lutheran Church is located at 595 Deerpath Dr., Vernon Hills. For additional information call (708)367-5787.

Antioch

The congregation of the United Methodist Church of Antioch invites all to worship with them at 8:30 a.m. and 10:45 a.m. each Sunday. There is nursery care at each service and a coffee hour afterwards. Church school classes for prekindergarten through adult begin at 9:30 a.m. There is nursery care at this time for infants through three years of age. Rehearsals for Dec. 16 performance of "The Messiah" will begin at 2:30 p.m. Sunday, Nov. 11 at the church. Call Ken Smouse, (708)395-1333 for more information. Wesley Hall opens at 7 p.m. to serve as a PADS shelter site for the area homeless.

Waukegan

The "Anastasian Club" of St. Anastasia Parish, 624 Douglas in Waukegan, is sponsoring a craft sale and chance book drawing on Sunday, Nov. 11 in the church hall. The craft fair takes place Saturday, Nov. 10 after the 5 p.m. Mass and continues Sunday, Nov. 11 following all Masses and will be held also in the church hall. The "Anastasian Club" will sell artistic and unique handmade items by members of the club as part of the church's fall bazaar, being held the same weekend. For further information call (708)623-2875.

Law officials preparing for extradition hearing

Lake County law enforcement officials are preparing documentation for an expected extradition hearing for William Carlson on Nov. 14.

The hearing is expected to take place in Quebec City, Canada. Lake County States Atty. Mike Waller said the county officials are reading documents to be sent to the federal government, which in turn, will submit them to Canadian authorities. "If he waives extradition, we

could have him here shortly, but if he doesn't it could take two to three months," Waller said.

Waller said Carlson asked for waiving of extradition hearing Nov. 1 but his court-appointed attorney would not let him.

Lake County Sheriff's Dept. police announced that Carlson, age, 16, had been turned himself in to authorities in Canada. Carlson is charged with the death of his parents, Paul

and Sandra Carlson of Wildwood. The two were found dead on Oct. 28 at about 6 p.m.

Carlson traveled from Wildwood to Quebec City, Canada. "He walked into the police station and said, 'I murdered my parents'," Undersheriff Willie Smith said. He is being charged with two counts of first degree murder.

According to an autopsy report from Lake County

Coroner Barbara Richardson, the father died from wounds to the head. Mrs. Carlson had a single gunshot wound to the head and several puncture wounds to the head. Richardson said the report concided with the theory of the 6 p.m. shooting Sunday.

Smith said three friends of Carlson's were questioned about the suspect. Only one of the three was a Warren Twp. High School student, according to Warren Principal Phillip Roffman.

"They were very cooperative and led us to the murder weapon," Smith said.

Waller said investigators met on Monday and whether or not those three will be charged will be decided by the end of the week.

The gun, bought for \$100, was stolen from a grandfather of one of the three friends of Carlsons who lived in Gurnee. It was found at a girlfriend's home of one of the three in an apartment in Chicago. The gun was returned to Carlson's home.

"They (the friends) did not know of his intentions when they provided the 357 Magnum to him," Smith said.

Smith said the Carlson, age 16, had worked part-time at Jerry's Parkway Foods. His position was an entry-level bagger.

Carlson liked to collect coins and also found of the family cat. Warren High students described Carlson as a shy student. One student said during a speech

class he spoke of how he hated his parents.

Smith said police believe there had been family problems because Carlson's parents were devout Jehovah's Witnesses.

"They were deeply religious," Sheriff Clint Grinnell said.

The night the murder took place, the Carlsons were planning to host a church function at the residence on Meadowbrook in the Wilwood II subdivision.

Carlson worked part-time at Jerry's Parkway Foods in Grayslake. Owner Jerry Ming described Carlson as a "very timid kid".

He was fired after having been caught taking tobacco.

"He did it on a dare. It was not at all in his character," Ming said.

American Cancer Society honors volunteers

The South West Lake County Unit of the American Cancer Society will be honoring its volunteers at a special celebration on Tuesday, November 13, at 7:00 p.m. at the St. Peter

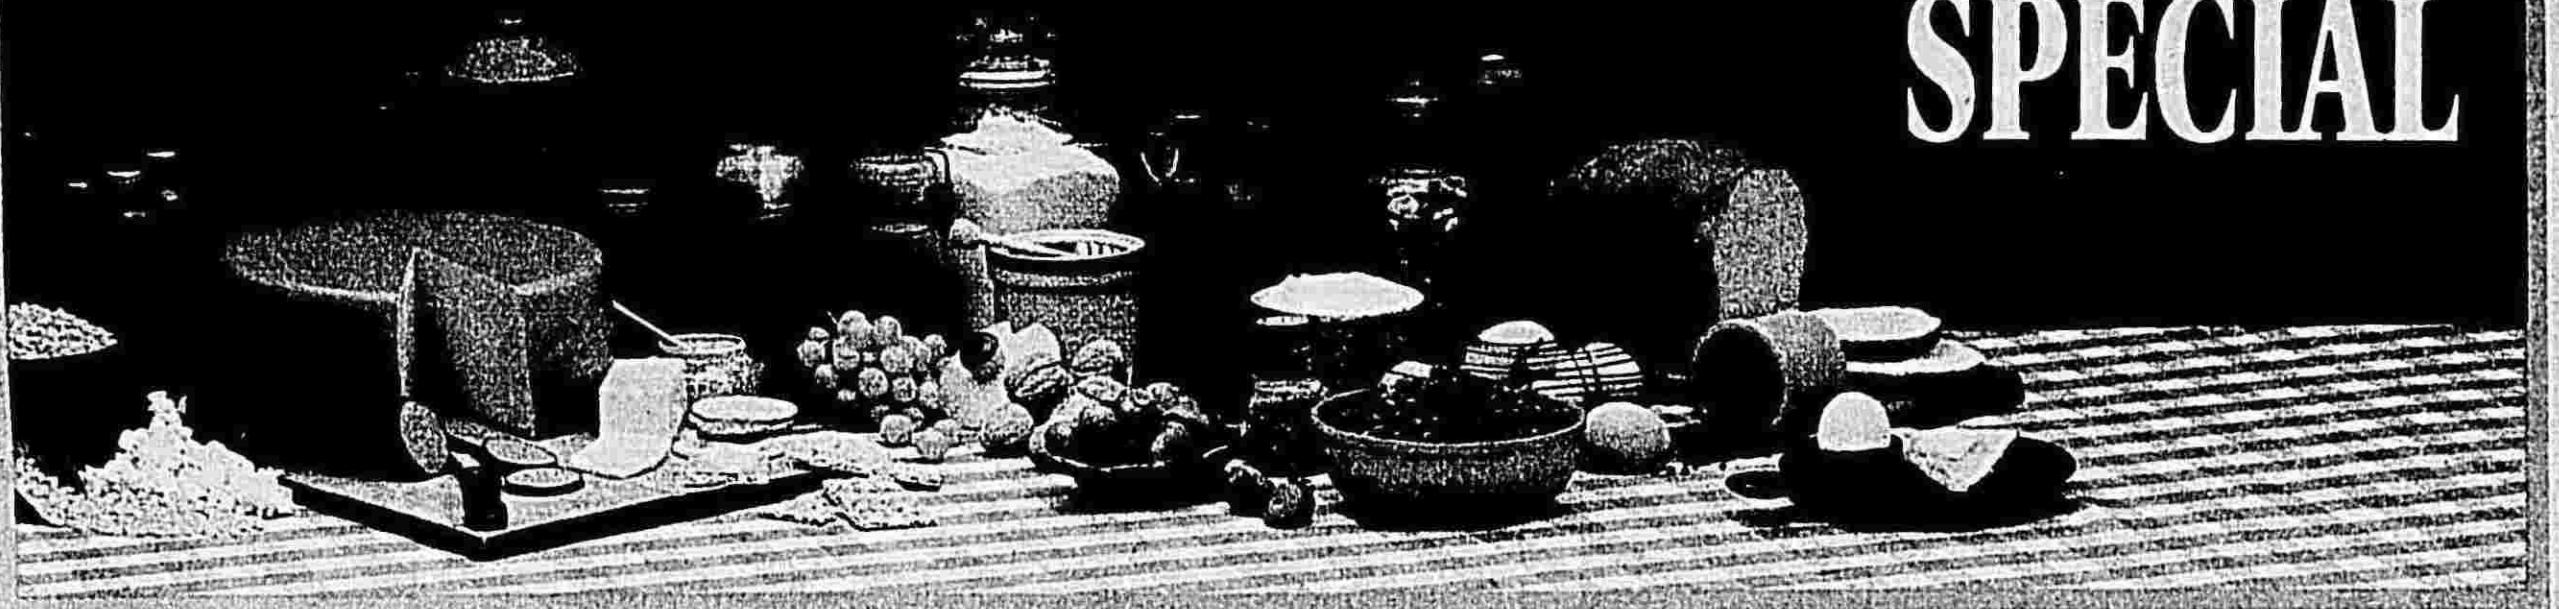

United Church in Lake Zurich.

Community volunteers will be recognized for their efforts on behalf of the American Cancer Society, an inspirational film will be

shown, and refreshments will be served.

All American Cancer Society volunteers and Crusaders are cordially invited to attend, as is the community at large.

Patriot spikers realize dream, reach Elite Eight

by STEVE PETERSON
Lakeland Newspapers

The Stevenson High School fans started the cheer at about the same time as the public address announcer began to make the formal announcement.

"Redbird Arena, Redbird Arena," the Patriot faithful would shout just after the Fremd volleyball supersectional.

Stevenson had just accomplished what no other Patriot sports team had done as it made the Elite Eight with a 16-14, 15-10 win.

"It is a dream come true," Stevenson Coach Bob Schenk said of making the Elite Eight.

The Patriots face Lockport in the quarterfinal round at 6 p.m. Nov. 9 at Redbird Arena at Illinois State University.

"We just worked on playing as a team the last two weeks. After the first game, we pulled it together," Stevenson senior Katie Schullian said.

Schullian led the Stevenson attack with 19-for-21 with seven kills and six blocks.

Schullian, like three other classmates, was a member of the 1988 Stevenson squad which advanced to the Supersectional round but was eliminated by Hersey. "I wasn't involved in it as much," Schullian said.

"I could not imagine going home if we had lost. It feels so good," senior Robyn Schenk said.

For the Schenks, the season was one of accomplishment. In the mist of a 25-game win streak, Coach Bob Schenk won his 200th career victory. Robyn, who grew up watching Patriot volleyball as a toddler, was a senior leader, and against Schaumburg led the Pats with seven serving points.

Although the Pats won in two games,

this one was far from easy. They trailed 8-2 at one point in the first game. "I thought part of it was nerves. We gave them half of their points," Schenk said.

Tania Panchof, a junior and Courtney DeBolt, a senior, brought the Pats back into contention in game one, as the 35-3 Pats rallied to tie the game at 8-8.

Robyn Schenk gave the Pats a 10-8 margin, but Schaumburg then responded with four straight.

Schaumburg, winners of the Fremd sectional, had a 14-13 lead but Schullian

knocked it out. A kill by DeBolt and an ace by Schullian.

In game two, Stevenson led 5-1 early on the strength of Elaine Oh and Amy Hamilton's serves.

And when DeBolt served for four straight points, the Pats had a commanding 12-4 lead.

Schaumburg rallied to 12-10, but Hamilton, a junior outside hitter, then took over. She served the final three points of the game, including an ace.

Courtney DeBolt was 21-for-21 in attack with eight kills and one block. Pachof

was six-for-seven with three kills.

In serving, Courtney DeBolt and Oh had six points, Schullian had four.

Brown likes chances for Patriots

As far as one volleyball coach is concerned, Stevenson may just do more than show up at the Elite Eight finals in Bloomington.

"I think they will do well. They are playing good volleyball, and if they can keep up the pace of the last two games, they have a fantastic shot at making the semi-final or final round," Round Lake Coach Brian Brown said.

Brown should know of the Patriots' talents. The Panthers fell to Stevenson 15-1, 15-2 at the early-season Jacobs tournament. Last week, the Panthers had their season ended by the Pats 15-0, 15-4.

Brown believes it is more than just club ball which makes the Patriots a powerhouse. "They are just so dedicated to volleyball. They love the game. They stay together after practice and that's what will make you a good team," Brown said.

Stevenson, 35-3, faced Lockport in the quarterfinal round at Redbird Arena at Illinois State University in a 6 p.m. showdown.

Against Round Lake, the match for the Highland Park sectional title was never in doubt as the Patriots shutout the Panthers in game one and then rallied from a 4-3 deficit in game two. Round Lake, seeking to have some fun in the post-season tournament, had defeated Antioch for the regional title and Carmel in three games in the first round of sectionals.

Rain, Loyola defense end Stevenson's season

Few, if any of the football fans at Stevenson High School on Saturday stayed dry.

But most probably didn't mind the cold rain which pelted them throughout the evening.

For an entertaining second round Class 6A playoff game took care of that. Loyola Academy, taking advantage of key second-quarter plays, ousted Stevenson 10-7. The Pats finish 7-4 for the year.

"The fans really got their money's worth," Loyola Coach John Hoerster said.

The game was not decided until the 2:15 was left on the clock when Jamie Baisley,

a junior defensive back, snared a Jon Ebert pass for an interception.

The Patriots found themselves trailing 10-0 at intermission as the Ramblers took advantage of a fake punt. Punter Michael English connected with Matt Bryne on a pass. Stevenson coaches and players did not think he had advanced the six yards, but the officials ruled differently. Jack Prikos scored from 31 yards out.

On the Pats' second-quarter score, Ebert connected with his top receiver, Chris Piggott, on an 11-yard strike.

Stevenson had its chances in the second

half, the lasttime when it started at the one-yard line.

Ebert found Piggott open for a 27-yard gain and the Pats were then helped by a Loyola penalty. A run by Barrett Frain gained four yards to the 46 of Loyola, but the Ramblers were stingy on defense after that. Three incomplete passes preceded the Baisley interception.

"It was a great year for our kids," Mitz, who addressed a disappointed team afterward, said.

The Pats were coming off a 31-13 win over NewTrier for their first playoff win ever and the offense had scored more than 70 points the last three games.

"Without a doubt," Mitz said when asked if Loyola's defense was the best.

Antioch field hockey notches fourth in state

Antioch High School's field hockey team won fourth place in the state tournament, advancing farther in the last 10 years as the Sequoits lost in the quarterfinals to Homewood-Floosmoor 2-0 in two overtimes and then fell to North Shore Country Day 1-0 in the third place game at Lake Forest High School.

"We played well but they hit a couple of cannons on goal," Antioch Coach Chris Coolidge said.

Seniors Lisa Filip, Susan Ozga and Jessica Marshall made the all-state team.

The Sequoits finished 8-13 on the season. "We put in a new offense at the start of the season and were getting more comfortable with it," Coolidge said.

The Sequoits won the Deerfield sectional with a 2-1 win over the Warriors.

Antioch is one of 12 schools to offer field hockey. "They now all have good teams," Coolidge said. In 1979, Antioch made the finals when there were 32 field hockey teams.

H-F had 10 shots on goal while Antioch had one. Antioch goalie Jenny Hagen earned praise from Coolidge.

Sports brief

Tells race results

Two Graylake Junior High students won races in the second annual cross country run held at Graylake Community High School.

Jake Parsons won the three-quarter mile run for sixth and seventh graders with a time of 5:05.

Twyla Eberle of Avon was the winner for grades six and seven, a three-quarter mile run in 5:48. Lorna Bolton, a Lakeview School student, was a third grade winner in 6:23.

Jake Duchane, an eighth grader from St. Glibers, won in 7:09.

Assistants contribute key roles in RL success

Pat Coon remembers the day well.

Long-time defensive coordinator Steve Lee had resigned, taking an administrative position at Barrington High School.

"Coach Dunn (Mike) called and asked if I wanted to take the defense," Coon said.

Coon had just completed another season as freshman coach and what came about was a teamwork approach to coaching defense, one of the strongest suits as Round Lake registered a Northwest Suburban Conference championship.

Following each of the eight wins, Dunn is quick to credit the work of his

assistants, Coon and Bruce Bartosz.

"We all have input into the game plan," Coon explained.

Coon, who calls the defensive signals, handles the defensive backs while Bartosz coaches the linemen (on offense as well) and Dunn handles the linebackers and defensive ends.

"We have changed our philosophy this year. We used to go with the University of Illinois defense but now we use a 'bend but don't break' philosophy," Coon said.

Dunn is fond of saying "Panther blood runs deep" and that could be true of

Coon. Coon is a 1968 graduate of Round Lake, playing for a team which finished second in the old NWSC.

"Coach Dun puts a lot of emphasis on being prepared," Coon said.

Coon has coached the freshmen for three years, sophs for four when the Panthers were co-champs at that level.

Marx Drath is "the leader of the defense," Coon said of the second-year starter.

Garrett Horn, who scored three touchdowns to lead the Panthers to a 30-13 closing season win over Grayslake, leads in interceptions along with fellow secondary player Chris Collis.

Brian Smith is the team's leading tackler.

Juniors Sean Farley and Mike Maleug are playing big roles.

Bartosz, meanwhile, is in his 15th year on the Panther staff.

"The longer you are at a place, it establishes consistency and helps you communicate better," Bartosz said.

"Our line play has steadily improved. Guys come in and are proud to play in the line. We strive toward excellence

because we have a lot of different blocking schemes that can change at the line of scrimmage," Bartosz said.

For example, the Panthers used a different strategy beginning in the second quarter against Grayslake. The host team scored the last 20 points of the contest to win 30-13.

"We went to another defensive lineup and we freed up our defensive ends," Bartosz said.

Bartosz knew early on it did not necessarily take great size to be an effective lineman. He was a 145 pound offensive center for Morton High School in Berwyn.

"You learn the tricks of the trade and how to finesse bigger people," Bartosz said.

As for the future of the Round Lake defense?

The Panthers freshmen and sophomores both won league titles as well. The sophs dominated Grayslake 48-12 in the season finale. And on Sunday, the Spartan youth football team collides with Antioch for their championship.

Drivers Cox, Pitts win Wilmot raceway awards

More than \$20,000 in point fund checks and awards were distributed at the annual Toft Auto Racing's Night of Champions Awards Dinner/Dance held at Maravela's Restaurant in Fox Lake honoring the competitors from throughout the season at Wilmot Speedway in Wilmot, Wis. A capacity crowd of 500 attended the event which honored champions Joe Roe of Kenosha in the sprints, Mike Frost of Winthrop Harbor, in the modifieds, Jerry Pitts of Ingleside, in the late models and Frank Beutel of Racine in the spectator stocks.

"I really have to thank my main sponsor, L.A.M. Racing Engines," said Roe in receiving his first ever Wilmot crown. "My wife, Kim, my parents and all of our crew helped out a lot."

"I'm dedicating this championship to my father who passed away last

spring," said Frost, who also won modified crowns in 1986, 1987, and 1988. "This is our last year in the modified as we've already sold the car and will just be running the sprinter next season for Larry and Joni Miller."

"I don't know what to say," said Pitts of his first-ever Wilmot title. "It was a fun year and I have to thank my family, crew and sponsors for all of their support."

"My parents, crew, girlfriend Leslie, and everybody was supportive all year," said Beutel, who is winning the crown because only the second driver in the 37 year track history to take a track championship without winning a feature event all season. "It was a close battle for the title all year. It's great to have won it."

Kenosha's Allen Winker, who competes in both the sprint and modified divi-

sions, was presented the annual WJZQ/WLIP Radio Wisconsin Driver of the Year Award. Winker, who also earned the honor in 1986, was named the recipient out of a list of nominees including Pete Ostrowski, Fred Zack, Dean Sadowski, and Larry Marshall. "In the past when I've won something explained Winker. 'I've thanked my family, crew and sponsors. This time I wish to thank all of my friends in racing. The people I've come to know in racing are just like family to me.'"

Promoter Ray Toft and wife Joan were given a surprise award announced by Chuck Olson, director of competition.

Panthers lose heartbreaker**First playoff round not kind for area football**

You can call it the first-round blues.

Five area high school football teams entered the state playoffs with high hopes of seeing their seasons continue to Saturday.

With the exception of Stevenson, all seasons ended on Halloween.

Grayslake fell to Lake Forest 26-7. Rolling Meadows edged Round Lake in the final second 29-22. Richmond-Burton fell to Driscoll 21-14, and Woodstock downed North Chicago 14-12. Round Lake, North Chicago and Richmond had all won league championships.

Stevenson downed New

Trier 31-13 but lost to Loyola Academy 10-7 in the second round.

The Panthers loss was perhaps the most heartbreaking. The Panthers were celebrating a 22-21 lead as Mike Bragg tossed a two-point conversion toss to Greg Filwelt. But a controversial late-hit call on the kickoff return gave Rolling Meadows a chance to win the contest. Quarterback Mike Sowka found Jason Lee for a 32-yard strike in between Round Lake defenders to end the Panthers' season.

"There was no doubt. It was a poor call," Round Lake Coach Mike Dunn said.

"I search for reasons why that happens. One thing is motivation and that is my fault. I have not been able to get the kids to be properly motivated. The second thing is numbers. In talking to Tom Myers (Lake Forest coach) after the game, he said he starts 21 different players. We start 13. Most of our players go both ways and that has to take a toll. The third reason is the emotional factor. There was a certain exhaustion after the loss to Round Lake," Johnson said.

As for the second round, the victors did not fare all that well. Lake Forest lost a close one to Woodstock 22-21.

Warhawks lead all-NSC picks

The eight seniors who led the North Chicago football team to its first North Suburban Conference championship in 20 years were rewarded with their efforts by being named to the all conference squad.

Quarterback Johnny Johnson, fullback-linebacker Damen Turner, running back-defensive back Ozzie Young, running back-defensive back Buck Phillips, fullback-linebacker Robert Falls, center-defensive lineman Jonathan Cress and wide receiver-defensive back Michael Herrod were all honored.

The Warhawks finished 8-1 on the year, losing only to Zion-Benton 36-28.

Stevenson, another NSC

area team which made the playoffs on the strength of a four-game winning streak, and six representatives chosen. They were: senior linebacker Mark Robich, junior lineman Steve Meyer, junior wide receiver-safety Chris Piggott, quarterback-strong safety Jon Ebert, senior running back Barrett Frain and senior linebacker John Puffer.

Antioch and Libertyville both finished at 5-4, just missing the playoffs when they lost in the final week of the season.

Antioch representatives, all seniors, were: defensive tackle Mike Warren, linebacker Ken Paddock, defensive back Chris

Bazemore, running back Dale Morgan and center Steve Gedville.

Wildcats on the squad are: senior tight end-linebacker Matt Christensen, junior lineman Jim Evans, senior tackle Armen Tatevosian, senior halfback-cornerback Brad Hughes and senior guard Drew King.

Warren was 4-5 and had the following seniors

named: running back-defensive back Paul McKissick, tight end-defensive end Josh Block, tackle Jason Croft and wide receiver-defensive back Steve Shively.

Mundelein, which ended a 22-game losing streak with a win over Fenton in the season finale, had senior lineman Kurt Greissing named.

Spikers end sixth

College of Lake County's volleyball team improved from a .500 showing a year earlier to a sixth place finish in the regional tournament this fall.

The Lancers concluded the season with a 28-7-2 record. They came into region IV play at Harper College as the third seed.

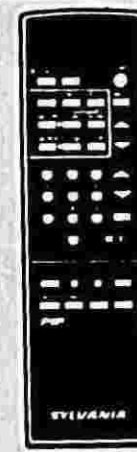

After losing to McHenry and Elgin, the Lancers downed Sauk Valley in three games. After winning

the first 15-5, the Lancers fell 12-15 before winning the third and deciding game 15-12.

"It was a fun year. We can't complain," CLC Coach Sue Garcia said.

The Lancers were led in serving by Gretchen Anderson, who had 29-for-33 with 16 points. Andrea True was 31-for-33 with 15 points and Rachel Smith was 24-for-26 with 15 points.

Winning record, loop picks highlight ACHS season

Although it may have been hard for the Antioch football team to realize it at the moment, the squad accomplished several feats during the 1990 season.

At the top of the list was continued improvement, as

the Sequoits attained a winning record. Another was having five players listed in the all-NSC team. A third was having a chance to make the playoffs going into the final game of the regular season.

A stunning rally by Zion-Benton kept the Sequoits from achieving that playoff goal. Down 18-0 at

halftime, rallied to win 21-18.

Making the all-conference team from Antioch included defensive tackle Mike Warren, linebacker Ken Paddock, defensive back Chris Bazemore, running back Dale Morgan and center Steve Gedville.

Warren led the Antioch defense with 48 solo

tackles, 20 assists, 10 quarterback sacks, one fumble recovery and was credited with half a safety. "He was the leader of the defense," Antioch Coach Del Pechauer said.

Morgan, meanwhile, came close to a goal of 1,000 yards as he finished with 975 on 226 carries. He

first touchdown rushing with a 15 yard run in the first quarter for a 6-0 lead for the home team Morgan

added the first of two scores, a nine yard run. Morgan scored from one-yard out for an 18-0 halftime lead.

Study arson in fire gutting restaurant

Investigators haven't ruled out arson in a spectacular restaurant fire battled by seven west fire depts.

The early morning fire burned out the dining room of Rick's Waterfall Restaurant, Rtes. 12 and 59, with smoke and water damage so severe that the place was termed a total loss with damage estimated at \$450,000.

Firemen from Fox Lake were hampered by lack of water in the unincorporated area where there are no hydrants. Water was tanked in from Grayslake, Wauconda, Antioch, Lake Villa, Spring Grove and

McHenry. Round Lake firefighters moved into to backup the Fox Lake station.

Flames were reported about 2:30 a.m. Oct. 30. Fire Chief Stu Hoehne of Fox Lake said the center section of the restaurant featuring a South Sea theme was engulfed by the time first units arrived.

The restaurant is owned by Rick and Trudy Murphy of Richmond.

A week after the fire, investigators continued to search for the cause of the fire that was brought under control in two hours.

JHS earns second winning mark, 5-4

The playoffs did not beckon the Johnsbury football team, the squad can still look back on a winning record, only the second in the school's history.

The Skyhawks lost a hard-fought 14-9 decision to Marian Central in the regular-season finale. Playoff points, though, kept the Hurricanes from reaching the post-season action.

Making the all-Northwest Suburban Conference team for JHS were: senior running back-linebacker Mike Kramer, lineman Don Kibbe, junior quarterback Matt Chrisman and junior lineman Jake Wakitsch.

"We were in all the games except for Round Lake," Johnsbury Coach Hap Farlow said.

Kramer finished with 737 yards in 128 carries and scored 10 touchdowns.

TAILOR'S BUNIONS

A Tailor's Bunion is a small bunion on the outside of the foot, this condition is also called a bunionelette. Obviously, a bunionelette, is a small bunion in contrast to the bunion which we find involving the joint behind the big toe.

(1) An overgrowth or swelling of soft tissue covering this joint (bursitis); 2) A congenitally (at birth) wide head of the 5th metatarsal bone (just behind the little toe); 3) An actual bowing or splaying of the 5th metatarsal bone. If the condition is mild, treatment revolves around relieving the discomfort by fitting the shoes carefully to accommodate the foot; 2) Orthotic therapy (custom made arch supports); or 3) Surgical intervention in which the enlarged bone or bowing deformity of the metatarsal is corrected.

If you are suffering from this condition or have any further questions regarding Tailor's bunions, contact Dr. Lee M. Tisa for a **NO COST CONSULTATION** to discuss your treatment options.

Lincolnshire Chamber sets seminar on hot issues

The subject of sexual harassment will be discussed in a seminar sponsored by the Greater Lincolnshire Chamber of Commerce.

This subject is the hottest issue in the area of employment litigation with sexual harassment lawsuits on the increase against businesses of all sizes. The average legal defense regardless of business size is \$60,000.

The seminar will be held from 2 to 5 p.m. Nov. 15 at MDA Scientific, Inc., 405 Barclay Blvd., in the Lincolnshire Corporate Center, Lincolnshire. The cost is \$45 for members and \$55 for non-members with a \$5 per person discount for three or more attendees. Reservations may be made by calling the Chamber office at (708) 295-3111.

The seminar leaders will be two specialists in the field, Arthur B. Sternberg, a partner in the law firm of

Pedersen & Houpt, Chicago, and consultant Marie Allen, president of the Allen Group, Evanston.

Janet Bacci of MDA Scientific, and Deborah Harr, Help Unique Temporary

Personnel Service, Buffalo Grove, the seminar co-chairs, said the subject will cover the definitions of sexual harassment, liability, reduction risk, measures to prevent the problem, steps

for investigation of claims, related decorum outside of the workplace, current laws

and legal climate.

They said that top management, human resource

and personnel professional and supervisors should attend the meeting.

'Forward likes old site for new station

Libertyville Fire Proposed by a citizens advisory committee was rejected and the controversy of residents opposed location on the southeast corner of St. Mary's and Pearson Rds.

Fire district trustees voted late last month to reject three sites suggested by a specially-appointed committee.

Instead, they directed their attorney to contact owners of land at three other locations. They are:

- * Southeast corner of St. Mary's and Pearson Rds.
- * Southwest of St. Mary's and Atkinson Rds.
- * West of St. Mary's Rd at Lexington Dr. owned by Libertyville Twp.

Trustees say they want a station location that will provide easy access for fast service to the most populated area of the fire district.

Sites selected by the citizens committee rejected by the board were:

- * West side of St. Mary's Rd. south of Woodfield Ln. in Green Oaks.
- * North side of Rte. 176 west of the Green Oaks Corporate Center
- * Southwest corner of St. Mary's Rd. and Rte. 176.

The last site was rejected because it is in a forcible acquisition by the Lake County Forest Preserve Dist. The other two were turned down because there is location for a traffic signal to control traffic when a truck enters or exits the station.

The citizens committee was appointed

last spring when a furor developed over selection of the St. Mary's-Pearson Rds. site. Residents undertook a petition campaign, threatened a lawsuit and waged a massive public opposition campaign.

The board will meet again on Saturday, Nov. 17, to hear what its attorney has to say.

The new station is in addition to two new ones under construction in Libertyville; a new main station across from Adler Park and a substation on Golf Rd. near Milwaukee Ave.

High school weighs new building needs

Plans for an addition to Libertyville High School were considered earlier this week by the Dist. 128 board of education.

Last month a citizens advisory committee recommended alternatives to handle 3,000 more students by the 1994-95 school year. The 2,100 student high school is nearing capacity.

Rating the highest recommendation by the committee was an addition to the front and left of the main high school entrance. This will allow students use of the school pool, cafeteria, music and athletic facilities, most of which have ample space.

Cost could range from \$18 million to \$25 million. Being considered by the school board is a spring referendum. The

amount of that vote is still to be determined based on available building funds and developer donations from continued growth of the district.

Soil borings have already been taken. An architect has been retained. Still to be decided is the exact size and scope of the building.

To help promote the referendum the school board will enlist a committee similar to the one making the building recommendation.

A spring referendum is being considered in order to give the school district time to adequately plan, build and furnish a building, which could take up to two years. Another reason for the spring date

is to give the district time to regroup for a fall vote in event of failure due to the declining economy and already heavy tax burden of Libertyville voters. The companion cash-strapped elementary Dist. 70 school has had little success in convincing Libertyville voters of the need for an increase in its tax rate.

Green Oaks residents will have a public hearing on zoning changes that have been required by extension the corporate boundaries. It will be on Wednesday, Nov. 14, at 6:30 p.m. in the United Way of Lake County Building at 2020 O'Plaine Rd., Green Oaks.

Last month the board annexed 130 acres of commercial property and undeveloped property along Rte. 176 east of

the Tri-State Tollway.

Forty acres is owned by the Rondout Rockland Corp. It wants rezoning for the undeveloped property next to the tollway for limited industrial use on the north part and commercial zoning along Rte. 176.

Another 90 acres annexed west of the Milwaukee Road tracks is owned by Peter Baker and Sons Inc. In addition to an asphalt mixing plant, concrete recycling facility, office and equipment storage, the property includes the Baker Industrial Park with such tenants as American Metal Fibers Inc. and Supreme Sheet Metal and Heating Inc.

The village zoning code must be amended to establish commercial and intensive zoning for the Baker property.

Vernon Hills park to host turkey shoot competition

Turkey shoot

It is time once again for the Turkey Shoot at Vernon Hills Park Dist. Win a turkey for your thanksgiving dinner at our Turkey Shoot. Teams will be made up of one parent and one child and will be grouped according to the children's ages. Categories are: 10 yrs. and under, 11 to 14 years, and 15 to 18 yrs. Parents may compete with more than one child. Children may compete with either mom or dad. Each competitor will shoot ten basketball free throws and the combined number of baskets will be the team score. The Turkey Shoot will be Saturday, Nov. 10. Participants 10 yrs. and under compete at 1 p.m., 11 to 14 yrs.

compete at 1:20 p.m. and 15 to 18 yrs. compete at 1:40 p.m. The Turkey Shoot will be held at the Hawthorne Intermediate Gym. There is a \$2 fee per team. Participants must register by Friday, Nov. 9, 5 p.m. For more information please call the Park Dist. office at (708)367-7270.

Winter brochures

The Vernon Hills Park Dist.'s winter brochures will be mailed out to all residents of Vernon Hills the last week of November. Winter Registration will begin on Dec. 10 for residents. Walk in registration will begin on Dec. 17 and non-residents may register Dec. 20. Classes and programs fill quickly so be

sure to send your registration requests in early! For more information please phone the Vernon Hills Park Dist. (708)367-7270.

Holiday shopping spree at Water Tower

Join us once again for our Holiday Shopping Spree to beautiful Water Tower Place. If you love to shop than this is the trip for you! (Shoppers under 16 yrs. must be accompanied by an adult.) Shop, enjoy

the decorations and visit all the different one-of-a-kind shops that Chicago has to offer. Shoppers must register for this trip. The cost is \$7 which includes transportation to and from Chicago. Shoppers must

have lunch on their own. Use the registration forms in your fall brochure or stop by the Park Dist. office at 610 Cherry Valley Rd. For more information phone (708)367-7270.

Homemakers launch membership drive

Betty Wertke, county membership chairman, says Homemakers Extension is a good experience for any homemaker and it is a homemaker's program.

During the membership drive ending Nov. 30, men, women, young and older are invited to call for information. Call 815-385-4243 or 708-223-8627 for information.

There are 450 members in the organization and each one is benefiting from the educational programs, which are based on research and information provided

by the University of Illinois. "We all need to keep informed on the latest and best ways to provide for our families. HEA offers an opportunity for fellowship with neighbors and other homemakers. We learn by doing. We have the opportunity to grow and to develop our own potential," stated Wertke, a resident of Ingleside.

With the support of the Cooperative Extension Service staff and advisers located on Rt. 45 and Rt. 120 Grayslake, there is a place to hold county meetings,

and to develop the lessons which are given to the 20 units scattered through out the county. These units meet locally in homes or public meeting places. For 59 years there has been Homemakers groups in Lake County.

"We have a new team of homemakers in Lake County which are called F.C.L. Family, Community and Leadership. Our goal is to train and encourage participants to see the needs of their community, schools or church and to see themselves as able to work towards meeting them.

Information on networking and lobbying and motivation to help participants to be active in influencing community decisions, is available," Wertke asserted.

Great American Smokeout

"The Great American Smokeout Show-case," a meeting to provide information to school personnel on tobacco cessation and prevention programs available to schools, will be held at the College of Lake County on Tuesday, Nov. 13, from 8:45 a.m. to noon.

THERE'S NO PLACE LIKE HOME

The temptation to fly away to the big city, fishing for bargains, is a big one — But the smart bird will stay at home.

Too few of us have learned that the best things are right here at home. Dollars spent locally turn over several times providing the necessary economic flow to support healthy communities.

The next time you feel the urge to fly to the big city, remember the best fishing (or shopping) is right here at home. You'll save time, money, and best of all, you'll support the local people that help provide the community services we all enjoy.
